A haunting spectre for the midde-class!Von CustomerThis could be described as the archetypical story of mid-life, middle-class man who hasn't made it and surely never will. Tommy Wilhelm is down on his luck and combats his misery with the hopeful expectation of something turning up. His father, Dr. Adler, views Tommy as having lacked the ability to persist during the various endeavours in his life. He adheres firmly to his cold logic and refuses to help his son who is the architect of his own downfall.Tommy cannot find the mastery of his destiny within himself and

therefore looks to others, eminently unsuitable for the impossible task; to Dr. Tamkin (their joint commodities scheme is financed with Tommy's bottom dollars) and to his innerly deadened father who does not want to be disturbed in his old age by his failed over-age son. The Dr. Tamkin is a charlatan who bewilderingly produces the odd pearl of wisdom from amongst the rest of his pseudo-scientific debris. He represents the soul without substance, and Dr. Adler the substance without soul. His ex-wife torments him for his past sins. The wealthy old Mr. Rappaport is pathologically self-centred. No help is forthcoming from his fellow humans. As a product of Western society, with its tradition in state and religious institutions, benign omnipotent divinity, universal laws, natural justice and so on, Tommy seems to be clinging on to the belief in some kind of metaphysical scheme of things that surely must be out there somewhere to make it all right in the end. The message seems to be that these putative structures and mechanisms of sustenance are non-existent when it comes to the crunch, i.e. you're on your own, Pal! And then comes the ending. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A haunting spectre for the middle-class! And then comes the ending. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A remarkable small novel Von HORAK The main character in Saul Bellow's novel is Tommy Wilhelm. He now lives with his father at the Gloriana Hotel in New York. Everything he has ever undertaken has gone wrong. He never managed to complete his studies. He was dragged to Hollywood by an old friend, Maurice Venice, who promised him a career as a film star with Kaskia Films. But then it turned out that Venice was simply a pimp and Wilhelm ended up by working in a restaurant in California. Later he married Margaret, he had two sons Paulie and Tommy and found a job with a company called Rojax Corporation. When he was dismissed his marriage broke up and Wilhelm's father's wrath reached the point when he refused to give his son a single penny. When Wilhelm meets psychologist Dr. Tamkin, he is drawn into speculation in commodities at one of the branches of a good Wall Street house. Wilhelm clings to the hope that his luck is about to turn - he has given the last of his money to Dr. Tamkin. Is Tamkin ripping Wilhelm off or is he offering him one last chance to make it out of his mess? A moving portrait of a man with sensitive feelings, a soft heart, a brooding nature and a tendency to be confused under the many pressures of life.

Kurzbeschreibung Seize the day. Be in the present. Grasp the hour, the moment, the instant. This is the dubious advice given by outlandish Dr. Tamkin, part psychologist, part stockbroker to poor Tommy Wilhelm. Unemployed, at the whim of his ex-wife and two children, and hurt by his proud and callous father, Wilhelm is disgusted with himself, yet forever hopeful that his suffering is purposeful. When he decides to entrust the last of his money to a mysterious commodities venture with Dr. Tamkin, he unwittingly sets in motion the most eventful day of his life. The journey that follows takes him across the length of New York City, from his hotel room at the Gloriana to the floor of the stock exchange, bringing him ever closer to "his heart's ultimate need." Kurzbeschreibung Tommy Wilhelm (Robin Williams) is an out-of-work, forty-something failed actor who is trying to come to terms with his life. He looks to his father (Joseph Wiseman) and his buddy (Jerry Stiller) for advice and help, desperately hoping that they'll be able to point him in the right direction. Williams shines in this often depressing film about a life of broken dreams. Watch out for familiar faces in cameo roles. Kurzbeschreibung Seize the day. Be in the present.
