Von Logan Patricks : Semblance: Masters Edition (The Midnight Society Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Semblance: Masters Edition (The Midnight Society Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved this roller coaster ride!Von UtiiThis is the first book in a new romantic thriller trilogy and I seriously cannot wait to

get a hold onto the second book. It lived up to my expectations and got me hooked like no other book in a while now. We meet Aria, who is a broke music student and won't let herself reduce her to the amount of money she has or rather has not. She takes the opportunity to earn much money by playing the piano on a secret event where faith makes her to become even more intertwined with this secret society than she originally wanted. Ariameets Shadow at this event, whose acquaintance brings danger to her she definitely did not subscribe for. But she is nothing but a fighter and therefore fights for her life and her love against an enemy who seems to be always a few steps ahead. Semblance reads itself like an action movie - fast paced, with the ultimate enemy, (who had thought!) action, and in this case a good amount of romance. I liked Aria's sense of humour you could hear in all her thoughts and comments, it was ironic, sometimes suggestive and definitely not always lady-like. It was somehow refreshing because we all do not have at all times nice and censored thoughts. The plot was full of twists and turns you did not expect or you did expect and then again not and then it was just like you first expected. So the events would let you stay confused and suddenly everyone seemed suspicious. It was a roller coaster ride with many many loopings! But I enjoyed it that much more for it and I think Logan Patricks did a good job on his debut in this genre. I'm looking forward to his future works.

Kurzbeschreibung Whoever said money couldn't buy happiness has never starved a day in their lives. My name is Aria Valencia, a third year classical music student at the university, and I was down to my last dollar. Some nights, I seriously considered working at the rippers just to make ends meet, but the thought of my dad's spirit--God rest his soul--scowling at me while I danced up on some drooling degenerate was enough to turn me off the idea completely. And then one night, chance came knocking on my door under the guise of the Midnight Society, a secret cabal comprised of the most wealthy and influential souls this side of the Universe. Their leader was a man named Shadow, who was equally enigmatic as he was gorgeous and, for some mystifying reason, had his dark brooding eyes focused on me. Seduced by the promises of fame and fortune in exchange for a seemingly innocent request, I soon found myself drawn into a provocative world filled with both vast riches and unending lies and it didn't take long for me to realize what being a part of the Midnight Society actually entailed: shiny things, sensual romance, and dead bodies. Falling in love with Shadow came with a terrible price, one that I wasn't willing to pay. There's a dark side to every love story, and this one was mine.

ber den Autor und weitere Mitwirkende Logan Patricks is best described as an author, trouble maker, and walking disaster. He discovered both love and heartbreak at the tender age of seven, when the pretty little blue-eyed girl next door stole his Kit-Kat and shared it with the bad boy from across the street. Devastated, Logan found solace by escaping into imaginary worlds he forged with words, creating kingdoms where chivalrous knights always got the princess. Twenty three years later, Logan spends his days in a suit and tie, working for the government on matters of network security. However his thoughts never strayed too far from the incendiary nature of love - the passionate fire that's both scintillating and dangerous. Obsessed with exploring the steamy and mysterious side of human nature, Logan continues to create worlds filled with thrills, mystery, and of course, sex.
