Von Vella Munn : Seminole Song (The Soul Survivors Series, Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Seminole Song (The Soul Survivors Series, Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Grabs you and won't let go!Von Ein KundeI was never a reader of historical romances so I don't know what made me pick up this book. Maybe it was because of my own Seminole heritage or maybe it was the novelty of a romance between an

Indian man and a woman who wasn't white. Whatever the reason, I'm glad that I took the plunge. This wonderful book was such a treat that I'm now an avid reader of historical romances. Vella Munn's characters in "Seminole Song" are so realistically drawn that I feel I really know them. She keeps the plot credible even down to Calida's inability to fully enjoy physical involvement with the man she loves because she has been repeatedly raped by her master. Seminole culture and history are well integrated into the plot and some very realistic details concerning the life of a slave woman are woven in, too. The author also utilizes the Everglades setting so well that the swamp is almost a character itself. I read this book in one sitting and have gone back to it many times to fondly relive Calida and Panther's story. Despite my now rather large and growing collection of historical romances, I have yet to find a book in the genre that surpasses "Seminole Song." Bravo, Vella, and let's have some more Indian romances with heroines of color.

KurzbeschreibungWhen Panther, War Chief of a small Seminole Indian band, attempts to rescue a fellow tribe member from a Floridian plantation, he is captured by the owner, Reddin. Knowing Reddin will likely kill Panther, Caldia, a half-black slave, secretly frees him. Reddin decides to make Caldia pay in his bedroom, but his wife discovers them. Enraged, Reddin murders his wife, makes it look like a Seminole Indian is to blame, and calls in the Military. Caldia escapes and is deep in the Everglades trying to survive when Panther finds her. With enemies closing in on all sides, the pair face an even greater danger: the forbidden love growing between them. **REVIEWS:**"Munn brings into sharp relief the hesitant attempt of slaves and Indians to bridge vastly different cultures and experiences in order to find love and freedom." ~Publishers Weekly "An entertaining, fast-moving, fascinating, and well-researched work of historical fiction." ~Affaire de Coeur **THE SOUL SURVIVORS SERIES**, in series order *Seminole Song* *Spirit of the Eagle* *Wind Warrior* *The River's Daughter* **ABOUT VELLA MUNN:**Vella Munn is a third generation writer who has always felt the need to write. Vella's earliest creation was a comic book starring the Lone Ranger's horse, Silver. Then Vella fell in love with America's first people, the American Indian, and committed herself to bring their stories to life amid the pages of historic romance novels. **Kurzbeschreibung**When Panther, War Chief of a small Seminole Indian band, attempts to rescue a fellow tribe member from a Floridian plantation, he is captured by the owner, Reddin. The Seminole Indians have been ordered to leave their ancestral lands for reservations in Kansas and Oklahoma, but instead they retreat to the swamps of the Everglades, where they are joined by slaves. Then the army is sent in, told to use any force necessary.
