Gut-wrenching beautiful love story - must read!Von SelmaThe day Jane Harvey-Berrick announced that she is going to write this book, which is the retelling of The Education of Caroline from Sebastian's POV, I was absolutely thrilled and beyond happy. I couldn't wait to get my hands on it. Reading Semper Fi felt like coming home but also new and exciting. This book reminded me why I adore this series so much and why Caro and Seb's unconventional and taboo love story will forever remain, in my opinion, one of the most gut-wrenching and beautiful ones that have ever been written, hands down.Those who had the pleasure to read The Education of Sebastian and The Education of Caroline already know how the main characters met for the first time, what happened between them, how their actions and cruel circumstances separated them for ten agonizing years and how destiny unexpectedly brought them back into each other's life again.Sebastian was introduced to Caroline when he was a little boy. His innocent crush developed years later into a young man's deep and desperate yearning for a married woman. He knew that she had a husband who didn't treat her right and that she was very unhappy. Caroline saw how cold and repellent Sebastian's parents behaved towards him. It broke her heart to witness the physical and emotional abuse of their sensitive and good-hearted son. These two lost and broken souls found and healed each other and finally discovered what true love meant. But their relationship was risky and forbidden. They were busted, separated and spent many years apart.They meet again in Geneva during a hostile environment briefing. Sebastian is now a Marine, a Warrant Officer. He is supposed to train journalists and to prepare them for an assignment in Afghanistan. Caroline is one of them. Both are shocked to see each other. But Sebastian is also feeling a lot of anger and hurt. He still doesn't understand why Caroline never came back to see him again. Sebastian's disappointment has changed him and made him a bitter and ruthless man. But he never stopped loving Caroline. Sebastian wants a second chance at their love and does everything to convince her to spend some time with him. They explore different cities and places on his bike and share some unforgettable moments together. Old feelings and passion reignite and dreams and hopes of a future together recur. Very soon their relationship is going to be once again significantly challenged. Can Sebastian and Caroline fight and remove all obstacles that are thrown in their path and finally get their well-deserved HEA? Read this fantastic book to find it out!! I enjoyed reading Sebastian's POV and getting into his head. I was able to feel his love, desire, fears and insecurities. We got to see several situations from his perspective and also some new ones that haven't been part of the previous books.I thought I wasn't able to love Caro and Seb more than I already did but this book made me fall for them even harder. These two are amazing characters which you can't but root for. They aren't flawless people but their feelings for each other are strong and sincere. They were palpable on every page. Both of them did mistakes but they redeemed themselves eventually. And that's what counts!Caroline and Sebastian's story taught me that love knows no boundaries. It's messy sometimes and the road to a HEA is often very bumpy but it's worth fighting for. In the end, omnia vincit amor!Thank you Jane from the bottom of my heart for giving us this book! I highly recommend this series to everyone. You will cry, smile, your heart is going to be broken and put back together. But trust me, it's all absolutely worth it!

KurzbeschreibungWar and romance in one thrilling novel by bestselling author Jane Harvey-Berrick"Jane Harvey-Berrick manages to tell ugly truths in beautiful stories and manages to leave you with a happy feeling and a very busy head. I love that about her! And that is the reason I always recommend everyone to read her books"Collector of Book Boyfriends"Great writing, deep rich characters, fun dialog yet sexy and loving. She hit all her targets dead on. A must read, incredible!"Books and Beyond Fifty Shades"Flawlessly plotted with really good character development, this story, for me, flowed from the beginning to the end with perfection."Kindle Friends Forever"Every time Jane Harvey-Berrick writes a book she kills me, figuratively of course. The writing is exceptional, the characters are perfection, and the story is absolutely spectacular!"Mrs Leif's Blog"Jane is a storyteller and knows how to create something out of the box"Slut Sistas"Sebastian Hunter broke my heart on almost every page. But Jane Harvey-Berrick redeems him in her unforgettable fashion with an ending that is both poignant and completely satisfying. She proves that love knows no boundaries, no age and no obstacles - and that makes this book an absolute must read Brilliant"Agents of RomanceIm falling in love with Seb and Caro all over again.
