Author Kristin Gabriel just keeps getting better and better! Everytime I sit down to read one of her books I can count on laughing out loud. Send Me No Flowers matches therapist Rachel Grant with Love, Michigan's sexy mayor, Drew Lavery. Rachel and her patients are sour on love, so they decide to boycott Valentine's Day. Drew must change her mind for the sake of the town's tourist trade. This zany romp is just plain fun, and Gabriel's unique brand of humor is delightful!
