**Von Joanna Trollope : Sense Sensibility** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sense Sensibility:

Kurzbeschreibung Joanna Trollopes much-anticipated contemporary reworking of Jane Austens Sense and Sensibility launches The Austen Project and is already one of the most talked about books of the year. Two sisters could hardly be more different. Elinor Dashwood, an architecture student, values discretion above all. Her impulsive sister Marianne displays her creativity everywhere as she dreams of going to art school. But when the family finds itself forced out of Norland Park, their beloved home for twenty years, their values are severely put to the test. Can Elinor remain stoic knowing that the man she likes has been ensnared by another girl? Will Mariannes faith in love be shaken by meeting the hottest boy in the county? And when social media is the controlling force at play, can love ever triumph over conventions and disapproval? Joanna Trollope casts Sense Sensibility in a fresh new light, re-telling a coming-of-age story about young love and heartbreak, and how when it comes to money especially, some things never change
