Von Vince Flynn : Separation of Power (A Mitch Rapp Novel) before purchasing it in order to gage whether or not

it would be worth my time, and all praised Separation of Power (A Mitch Rapp Novel):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Put me to sleep...Von Ein KundeAfter reading two incredibly fast-paced and exciting novels by Brad Meltzer, I had hoped that Vince Flynn would measure up (at least), especially in view of the raving reviews. Well, not so. I continuously felt as if I were reading a sequel (which, of course, Separation of Power is), but this feeling has not happened to me in the past in reading sequels prior to prequels. The first half of the book concentrates on recapping the prequel, so I guess I won't have to read the latter, which I wouldn't anyway. The rest of the story is plain boooooorrring and so are the dialogs. I never understood the relationship between Mitch and Anna. Why did she bother with him anyway? What a waste of my money.0 von 0 Kunden fanden die folgende Rezension hilfreich. Enjoyable read!Von Rory MortyI enjoyed this book very much. Like other Flynn books, it combines a healthy dose of Mitch Rapp's espionage exploits together with some political games by the guys on the Hill. I certainly enjoyed this book a lot more than Memorial Day, which was simply over the top. The story is interesting and exciting, and takes us to some interesting places, although I felt that the descriptions of some of these places were either thin or shallow. Milan in particular. Given the Bush/Blair government's very successful propaganda campaign, Flynn can be forgiven for putting Saddam Hussein and his non-existent weapons of mass destruction at the centre of the story. And I particularly liked the handling of the US-Israel relations. It is probably right on the mark! I respectfully disagree with one other reviewer here who states that Flynn's books are well-researched. There are multiple errors in this book that simply should not be there. There is no BIA airport in the United States, BIA is Bastia Poretta airport in France. One assumes that Flynn means BWI? Similarly, American Airlines doesn't fly Boeing 747 aircraft. It hasn't done so for 20 years. And, even when it did, it never flew to Milan-Malpensa. After reading this string of errors, I really have to doubt how well Flynn does indeed research his books. That fact notwithstanding, I enjoyed the story a great deal, and can heartily recommend it to anybody who enjoys action-packed espionage.0 von 0 Kunden fanden die folgende Rezension hilfreich. spannend und gut fr das English lernen, tolle StoryVon Horstsuper toll geschrieben...spannend von Anfang bis Ende....am besten alle Bnde von Anfang an lesen...hoffe es geht noch weiter so ...viel Spa

Kurzbeschreibung#1 New York Times bestselling author of American Assassin soon to be a major motion picture Following up Vince Flynn's The Third Option, this electrifying Mitch Rapp thriller delivers first-class political intrigue from a master storyteller (Booklist).The confirmation of Dr. Irene Kennedy as the CIA's new director explodes into chaos as a deadly inside plot to destroy her and prematurely end the president's term emerges. Meanwhile, as a dangerous world leader gains power in the nuclear arms race, Israel forces the president's hand with a chilling ultimatum. With the specter of World War III looming, the president calls on top counterterrorism operative Mitch Rapp, who scours the alleys of Baghdad and the avenues of Washington for America's enemies. But with only two weeks to take out the nukes, Rapp is up against a ticking clock and impossible odds.From Publishers WeeklyA changing of the guard at the CIA attracts some corrupt politicians with eyes on the White House at the start of this sharply plotted thriller, a step up for popular writer Flynn (The Third Option, etc.). Unfortunately for the bad guys, upright CIA agent Dr. Irene Kennedy is tapped to replace her dead boss, foiling their illicit fund-raising plans. Corrupt politico number one, Sen. Hank Clark, enlists Irene's envious second to discredit her and the president. Clark and his cronies are also eager to deal with CIA special ops assassin Mitch Rapp, who's stuck on desk duty after nearly losing his life on a previous assignment and seems ripe to be taken out. Mitch accompanies his girlfriend, White House reporter Anna Rielly, to Italy, where he meets up with his former lover, freelance assassin Donatella Rahn. When Rahn is shot, Mitch uncovers a plot linked to the men behind the threats to Irene and the CIA. Meanwhile, reports surface that Saddam Hussein has acquired nuclear weapon components from North Koreans, who are assembling them in a factory buried beneath a Baghdad hospital. This calls for a gutsy mission, one that entails stopping Saddam while avoiding the PR nightmare that bombing a hospital would cause. Irene pulls Mitch into the plans to deal with Baghdad while she grapples with Congress. Flynn knows his politicians and pits his characters against impossible odds with nonstop action and suspense thus distracting fans from all the clichés and mediocre prose and a final fillip will keep them guessing as to Mitch's future in the series. (Oct. 9)Forecast: The legions of readers who landed The Third Option on the New York Times bestseller list will be back for more. They'll also have a chance to catch Flynn during his eight-city author tour.Copyright 2001 Cahners Business Information, Inc.From BooklistIn the wake of the horrific events that occurred on September 11, Flynn's novels have moved from terrific but unbelievable stories about domestic attacks by terrorists to unfathomable reality (Flynn's 1999 novel Transfer of Power was about an Arab takeover of the White House). Here, we find Irene Kennedy, currently head of the CIA's counterterrorism division, about to be named CIA director. But there are many on the Hill out to stop her appointment for both ideological and political reasons. Unlikely bedfellows emerge, pairing a leftist congressman, who doesn't like the secrecy of the CIA, with a conservative senator, who has a special pecuniary interest in Ms. Kennedy's demise. The key to derailing her

confirmation is to out the CIA's covert operation dubbed the Orion Team, made up of licensed-to-kill unofficial rogue agents, the most competent of which is Mitch Rapp. While the political mess continues on the domestic front, Rapp is sent on an assignment like no other, where the lives of millions hang in the balance. First-class political intrigue from a master storyteller. Mary Frances Wilkens Copyright American Library Association. All rights reserved
