WundervollVon outlanderIch finde die Geschichte sehr schn und fesselnd :)nur schade, dass sie so kurz ist!Mir haben vor allem der Schreibstil und die Beschreibungen super gefallen. Vom ersten Satz habe ich mich richtig in der Geschichte gefhlt.

Kurzbeschreibung Is it The Blue House that is haunted or the piano that sits in The Blue House untouched for thirty years since the death of its owner? Singer songwriter Sam Fletcher has writer's block. Burnt out and in need to get away from it all he rents The Blue House to try and get some inspiration back. But the beautiful house that overlooks the ocean isn't the tranquil haven it first appeared to be. Is he going mad or is the owner of the piano trying to make contact with him? This is a short story of about 11,000 words.
