the main characters from the start. Good story, good chemistry, good book.

Kurzbeschreibung New York Times bestselling author Carly Phillips presents the first in a delightful new series about a quaint upstate New York town where love, fate and fortune are intertwined ... Faith Harrington was the classic girl of privilege--until her father was convicted of running a Ponzi scheme and then her marriage crashed and burned. Now Faith is back in her hometown, hoping for a fresh start. But her father's betrayal has rocked Serendipity - and not everyone is ready to welcome her with open arms. Then she runs into her teenage crush -- the dark, brooding Ethan Barron. Ethan, no stranger to scandal himself, never imagined he'd own the mansion on the hill, much less ever again come face to face with Faith--the princess he once kissed senseless. The chance meeting reignites the electric charge between them. Still, when Ethan hires her to redecorate what was once her childhood home, Faith is sure that getting involved with the town's notorious bad boy will only lead to trouble. But her heart has other ideas. And so do the townspeople of Serendipity ...

Dear Readers, Welcome to SERENDIPITY! SERENDIPITY is a new contemporary romance series in the more heartfelt style I developed in novels like *CROSS MY HEART* and *SEALED WITH A KISS*. I will be introducing you to the town of Serendipity, its landmark Harrington Mansion, and a vibrant cast of characters from both sides of the tracks. Like any other town, Serendipity has its secrets, scandals, pain, heartache and love, but there is also an implied promise of fortune and good luck, along with people at changes and crossroads in their lives. First up, Ethan Barron, the bad boy who has come home to make good and Faith Harrington, the girl who got away. Next is Nash Barron in *Destiny* (1/12) and Dare Barron in *Karma* (1/12). I hope you'll take this new journey with me! Happy Reading, Carly Phillips

Pressestimmen 'Fast-paced and fabulously fun, Carly Phillips entertains with witty dialogue and delightful characters' (Rachel Gibson, New York Times bestselling author) 'Carly Phillips' characters are always believable, and I think that's what makes her books keepers... The only issue a Phillips fan will have is leaving these wonderful characters' (Fresh Fiction) 'A funny, sexy story with exactly the right mix of sass and heart' (Susan Mallery, New York Times bestselling author)
