Excellent book Von Helen Hancox I haven't read any books by Jill Sorenson before but have just bought another one before writing this review ' that tells you that I was very impressed. It's not that there's anything particularly original in this story. It's a romantic suspense, a story about a new Sheriff investigating a woman's death by a mountain lion which is clearly more complex than just a wild animal going rogue. The Sheriff, Luke Meza, enlists the help of a member of the Department of Fish and Game, who happens to be Shay Phillips, a woman who has brought up her brother singlehandedly and who is confident and independent. Unsurprisingly, sparks fly. There's a subplot in this story of Shay's brother Dylan and his attempts to woo his neighbour Angel, during which he finds himself drawn into what becomes a murder investigation. I felt that the scenes with Dylan were perhaps less successful to me, but the central romance between Shay and Luke was really well written and believable. The book touches on issues of relationships between the Anglo, Indian and Mexican communities in Nevada, family tensions, a boy coming of age and more. It was a really exciting read that I didn't want to put down and I liked both central characters very much. Thumbs up for this book! Romantischer Krimi Von Merle Das Titelbild beschreibt den Inhalt der Geschichte gut. Menschen, die sich ineinander verlieben, drohende Wolken im Hintergrund. Die Story wird vorwiegend aus der Sicht der 26-jährigen Shay Phillips und ihres 17-jährigen Bruders Dylan geschrieben. Seit dem Tod der Mutter und dem "sich aus dem Staub"-machen des Vaters vor fünf Jahren ist Shay für ihren Bruder verantwortlich. Den Lebensunterhalt verdient sie als Biologin und ist verantwortlich für die Wildtiere des nahen, abgelegenen liegenden Naturschutzgebietes. Shay wird vom neuen Sheriff Luke Meza, einem attraktiven Halbindianer, hinzugezogen, als ein Berglöwe eine bekannte Prostituierte ermordet. Die seltsamen Umstände des Todes machen eine nähere Abklärung nötig, die Sache weitet sich aus. Die Geschichte ist gut konstruiert, wir erfahren viel über die Hintergründe der Protagonisten, die sind interessant und gut geschrieben. Weniger überzeugt hat mich der Aufhänger, der Krimi. Der Bsewicht war zu leicht zu identifizieren und hat seine Taten zu schnell gestanden. Was mich gestört hat, dass die Aktionszenen mitten in der Spannung aufhörten- wie in einer schlechten Fernsehserie-. Na ja! Trotzdem ein angenehmes Lesevergnügen.

Kurzbeschreibung In a southern California town ablaze with sordid secrets, a free-spirited biologist and a straitlaced sheriff join forces to investigate a suspicious killing and find themselves getting a little too close to the flames. Shay Phillips knows her way around Dark Canyon. She's handy with a gun and can track a wild animal with the best of them. It's humans who usually give her the most trouble. And with a hormonally charged teenage brother to raise and an admitted weakness for the wrong kind of man, they're giving her plenty of trouble these days. Then there's the matter of murder. As an expert on mountain lions, Shay is skeptical when a local prostitute turns up mauled without a drop of blood near the body. Now, together with the town's newly arrived sheriff, Luke Meza, a Las Vegas city boy with his own dark secrets, Shay must navigate a dangerous valley filled with angry ex-lovers, unfaithful spouses, and poisonous snakes in a desperate search for the killer. But when suspicion falls on her own brother, and her attraction to Luke rages into a full-on erotic affair, can Shay quell the fires inside her long enough to uncover the truth? In the past twenty years, she hasn't lost her appreciation for sunny weather, her fascination with the Pacific Ocean, or her love for Southern California culture. She still lives in San Diego with her husband, Chris, and their two small children, and is happily working on her next novel.
