Alessandra Torre Von Heike So you don't do triangles??? Give this one a try! This is a Love triangle without cheating both men knew they aren't alone in this with Madison Hot surfer Paul and hot suit-guy Stewart. Madison loves her sexuality with both men, who are so different. This is money against heart, what would you choose? Paul and Stewart,

both are in love with Madison on their own way to love someone. You like books with lots of s..making love? I mean LOTS? This is yours! I received this copy from the Author for an open and honest review. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Love triangle without complications Von reader Having read and enjoyed "Tight" and "Black Lies" before this book I was utterly disappointed. The beginning was slow with toooo much sex, long and boring descriptions of sex (up to 20 pages until she finally got off), so I kept skipping page after page, and then when her two lovers finally met their family problems were solved very fast and they decided who was to be her HEA. The last chapter was set one year later, no drama just happy ending for the other lover. The epilogue was a disappointment as well as it did not focus on the future but on the past. I was waiting for an unexpected twist - in vain. If you want to read the average love story with lots of sex go ahead. You only get to know the main characters superficially. One is a workaholic, the other two love surfing. He is a pro-surfer, but I did not get the feeling that he took that seriously, no working out or training. She occasionally works in a book shop. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hat mir sehr gut gefallen Von C. B. Gil Was fr eine Geschichte! Die Autorin versteht es, den Leser mit einer unglaublichen Geschichte zu packen, wenn sie denn endlich mal die Verwirrungen und ??? aufklrt, die dem Leser sich whrend des Lesens stellen! Tolle, emotionale und sexy Geschichte und mit ganz liebenswerten Protagonisten! Schmelz dahin!!!!

Kurzbeschreibung In Malibu, I sleep late in our worn out bed. Dance to Bob Marley in the sand. Find love and peace in Paul's arms. In Hollywood, I drink champagne and watch our chef fix dinner. I visit Stewart at work and let him take me on top of his desk. Two separate lives. Two separate men. A woman that watched us all. I should have known that it wouldn't work out.
