Athletic Lexy Clark is the envy of her few-pounds-overweight friends. When they complain about how their lives are so busy they cannot make time to have a regular exercise workouts, Lexy devises a plan how they can fit exercise into their lives. Killing two birds with one stone, Lexy pens a book called Workout Sex: A Girl's Guide to Home Fitness. Before you can say Katie Couric, Lexy is an overnight celeb! The country is crazy for her combination exercise in bed and have sex, giving your hubby a smile on his face and you a few less pounds! Only, the media craze that hits Lexy's life is more than she can stand.Since she can afford the move, Lexy cuts out for a quieter scene. She buys a remote Inn in Drake's

Point, North of the Bay area that suddenly seems like a delight. No cable, no phone, no Internet and especially no one has read her book - or so she hopes. Though there is a problem with Not there long she meet Sexy Sam Worth, a handyman. They quickly slide into a no-strings affair. As their romance deepens and they begin to feel they can trust each other (Sam has his secrets, too!), Sexy Lexy's past catches up with her. It's a very sassy diverting tale. Both Lexy and Sam are strong characters quickly capturing your imagination and heart. There is a hit of more Moore's Drake's Points tales in the future. We can only hope!

Kurzbeschreibung After writing a self-help book encouraging fitness through sex, Lexie Clark escapes to a Brigadoon-like Northern California town where she discovers no one can entirely avoid the past - and if everyone could meet a man like Sam Worth, they may not want to. (Library Journal Top Pick!)
