KurzbeschreibungShade is not your typical teenage girl. Both of her parents are long dead and now all she has is her brother until a nightmarish creature from hell rips him away leaving her in the hands of a cold, old world, vampire assassin. His job as a Tracker is to hunt down rogue and feral immortals and end their existence. Now a teenage, elfin beauty has suddenly tumbled into his sadistically simple life. As he comes ever closer to a thousand years of age he begins to find his self at war with the overlords who fear his unnatural abilities. Fallen and on the run he finds that he must gain a broken girls trust and love before an inevitable war erupts that might just end his immortal life.
