Von Danielle Rose-West : Shadow of Suspicion (Haunted by the Past Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadow of Suspicion (Haunted by the Past Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Thrilling!Von 1D82 ManyFormat:Kindle Edition|Verified PurchaseI have to be honest here, I wasn't grabbed by the first few pages. It was all a little too predictable and for a brief moment I though..'Oh here we go...another miserable adoption story' BUT, OH BOY! was I glad I persevered...I sat for the next several hours completely transfixed!As

soon as Callie is on the move to find her birth mother, I was completely gripped. The character descriptions and scene setting suddenly leaped from the pages pulling me into this gripping, paranormal thriller. When Callie's car broke down in a violent storm I literally had the hairs on my arms stand up on end with what happened! (sorry, no spoilers here but just let me warn you...it's creepy!) Fortunately she was saved by the gorgeous (but unavailable) roadside recovery driver, Jason...Everything was described so well but without going into too much depth that my imagination went into overdrive. The B B was beyond ghastly...You could feel the atmosphere surrounding the whole place. I particularly loved the description of the filthy bath...(been there and done that, most unfortunately)...the use of descriptive language and scene setting had me positively squirming in my chair. Jason's girlfriend was suitably vile and manipulative and the family were just awkward enough to be horribly realistic I loved the banter between Jason and Callie...His sister Fay was brilliantly done too...A typical bratty teen. I really enjoyed the natural feel of this book even though the final scenario of Callie's family relationships turned out to be beyond horrendous. The story keeps you on the edge of your seat right until the epilogue. A brilliant book all round. I will be reading more of the series!

Kurzbeschreibung A letter from the mother she's never met catapults Callie Price on a journey to Devon. She yearns for answers that have always plagued her life. Why did her mother give her away when she was born and who is her real father? Things become increasingly complicated when a child begins to haunt her with deadly warnings and Callie finds her life in danger. The last thing she needs is an annoying sexy mechanic to add to her troubles. Jason Hawkes' life is filled with nothing but complications. His sister needs a firm hand. His father has invited his partner Sandra's long lost daughter to visit, against Sandra's wishes. Jason's own relationship is steadily going to hell in a hand basket, and he has no idea how to fix it. The last thing he needs is a stuck up city, business woman thrown into the mix. To his horror, Callie turns out to be the long lost daughter Sandra doesn't want to know. Could things get any worse? When Callie's life is under threat, she and Jason find themselves thrown together time and again. Can they unravel the mystery behind who is threatening Callie? And will they lose their heart to each other in the process? It will take all their courage and wits to find the dark truth that lies within the shadow of suspicion cast over their lives and time is running out!
