**Von James Barclay : Shadowheart: The Legends of the Raven 2 (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadowheart: The Legends of the Raven 2 (English Edition):

Kurzbeschreibung Legends of the Raven: Two ONE BATTLE TO FINISH THEM ALL. The conflict between Balaia's four colleges of magic has blazed into furious, dangerous life. The Dark College, Xetesk, faces an alliance between Lystern and Dordova, while Julasta remains crippled without its link to Balaia's Mana flow. And so the armies mass one last time. The Raven are caught in the flames of war. Three of the legendary mercenary band are dead; one struggles with a burgeoning power that could herald a new world - or destroy the old. They all have promises to keep: to lost friends; to the enslaved Protectors; to the dragon, Sha-Kaan. They will keep the faith. They will fight - and they will triumph. It's what they do. Pressestimmen "Barclay has no qualms about heaping more misery and catastrophe on his devastated creation. . . Frequent perspective shifts give a sense of urgency. . . Battle scenes are well realized and varied." Publishers Weekly "Barclay still manages to superbly build his characterization with a huge cast, and continues to expand the war that rages through the land. . . fans will be happy to see. . . the final victory for those involved." Night Owl s Werbetext The new heroic fantasy starring the genre's most popular new heroes: The Raven.
