**Von Portia Da Costa : Shadowplay (Black Lace)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadowplay (Black Lace):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

Shadowplay Von Ein Kunde Portia Da Costa has written a book that hints at eroticism with a light bd theme. Some parts are very erotic and others leave much to be desired. Her husband wants his wife to be faithful, but he is not. This is a double standard that I never thought would be readily explored in the Black Lace Series. The husband's personality was something that really threw me and left me wanting. But it is a O.K. book if this is not a major concern for you.

Kurzbeschreibung Photographer Christabel is drawn to psychic phenomena and dark liasons. When she is persuaded by her husband to take a holiday at a mysterious mansion house in the country, she foresees only long days of boredom. But Nicholas, her deviously sensual husband, has a hand in the unexpected events that begin to unravel. He is keen to ensure that Christabel's holiday is eventful and erotic and she is soon drawn into a web of eroticism with Nicholas's young male PA. Within this unusual and kinky threesome, Christabel learns some lessons the jaded city could never teach her.
