Hate the cliffhangerVon LennartWell as the title says I hate the cliffhanger.Apart from the ending I really liked reading the book.And the ending would not be so bad if the next book were released already,So please Mr. Author hurry up and

KurzbeschreibungIve awakened in a stone box about the size of a large coffin Im filthy, everything aches, and, by the various so-called gods, I smell awful.Ive woken up in worse places.Hmm. What does that say about my life choices?Eric, amateur magician, part-time vampire, and accidental king.It's not easy, being King. Especially when you've got an allergy to sunrise and sunset, a fire-goddess for a mother-in-law, demonic adversaries, random assassins, and a basement full of insecurities to cope with.Add to that his daughter, the fire-priestess/princess, a couple of lightly-deranged professional magicians, a whole city full of wizards, and enough squabbling princes to resemble a kindergarten argument.It's enough to make a man want to just go home.Luckily for Eric, he has the world's fastest pet rock, a smart-mouthed sword, and a horse that not only understands him, but likes him anyway.An awful lot of young ladies seem to be up all night, wandering around the halls on the off-chance theyll bump into the King when hes in the mood for a snack. Since when did I become sexy? And why didnt anybody warn me it was going to be work?Eric, elder geek and occasional idiot.Pressestimmen"The Hobbit by J.R.R. Tolkien and The Once and Future King by T.H. White are considered classic, if particularly lengthy, examples of the fantasy epic genre. Garon Whited's Nightlord: Shadows series has the same characteristics of those fantasy staples, all delivered in a modern telling... If you're looking for a modern take on the style of fantasy epics, look no further than Nightlord: Shadows!" -- EpicStream.comKurzbeschreibungIve awakened in a stone box about the size of a large coffin Im filthy, everything aches, and, by the various so-called gods, I smell awful.Ive woken up in worse places.Hmm.
