Von Glen Cook : Shadows Linger: A Novel of the Black Company (The Chronicles of The Black Company) before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadows Linger: A Novel of the Black Company (The Chronicles of The Black Company):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Life in a Dead CityVon Steve HooleyMarron Shed is up against the wall. Another hard winter is coming, and the moneylenders are after his ramshackle inn, the Iron Lily. Firewood is hard to come by and already vagrants are freezing on the unfriendly streets of Juniper. Marron is a coward and a sneak, but he does have his aged mother to consider, who will die without a roof over her head. Luckily the loansharks and torpedoes are afraid of his scary tenant Raven, who can eat them for breakfast. So when Raven cuts Shed in on his sideline of selling bodies to the evil creatures in the Black Castle above the town, he really has no choice. But as the Black Castle grows with each twitching corpse, it draws attention from the Lady in the faraway city of Charm, who sends a force to destroy it...a force consisting of her trusted Black Company of mercenaries. The last people in the world Raven and his little girl Darling want to see. Can Shed - and Raven - undo the harm they've caused before Juniper crashes down on their heads? Will the Black Company be forced once again into actions they despise? Glen Cook always goes for the gut-punch and sneak attack - watch out for his left!2 von 2 Kunden fanden die folgende Rezension hilfreich. A second in the series exceeding the first.Von Ein KundeThis series is about the characters, not the setting, or the conflict. Cook has created a cast of dozens, and made them individual enough that you could tell which character was doing what, just by when and how. These characters are as real as one can expect in a fantasy novel. The good guys have their problems and hang-ups. Some of the supposed heroes are just out and out unlikable. Some of the villains are compelling, all are interesting, and some are outright repulsive. The story is told as seen by Croaker, the company doctor, in an unflinching honest chronicle of the company's actions in a war they aren't really happy about being a part of. The only complaint I have about this series is the amount of time between new books. If this is a concern then read the first trilogy (The Black Company, Shadows Linger, and The White Rose) which are a complete set unto themselves. The Silver Spike, is a stand alone which occurs just after the first three chronologically. Read them once to enjoy them. Read them a second time to appreciate them.0 von 1 Kunden fanden die folgende Rezension hilfreich. ExcellentVon Greg LuzeI began this series as a filler between Jordan episodes, but it's really growing on me. The characters are great. The story would flow more smoothly with a map or two, but the complicated nature of the good vs evil struggle is very compelling. I highly recommend it. It's much better than Path of Daggers.

KurzbeschreibungMercenary soldiers in the service of the Lady, the Black Company stands against the rebels of the White Rose. They are tough men, proud of honoring their contracts. The Lady is evil, but so, too, are those who falsely profess to follow the White Rose, reincarnation of a centuries-dead heroine. Yet now some of the Company have discovered that the mute girl they rescued and sheltered is truly the White Rose reborn. Now there may be a path to the light, even for such as they. If they can survive it.At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.Pressestimmen"Timely and timeless The author of the Black Company series brings a stark realism to his tales of imaginary lands." --"Library Journal" (starred review) on "The Tyranny of the Night""Complex and compelling It is a powerful fantasy, combining a fast-moving plot with an introduction into this world of patriarchal schism, greedy churchmen and nobles, and cynical soldiers bent on survival." --"VOYA "on "The Tyranny of the Night ""The thing about Glen Cook is that with "The Black Company "he singlehandedly changed the face of fantasy--something a lot of people didn't notice and maybe still don't. He brought the story down to a human level, dispensing with the cliché archetypes of princes, kings, and evil sorcerers. Reading his stuff was like reading Vietnam War fiction on peyote." --Steven Erikson, author of "Gardens of the Moon""KurzbeschreibungMercenary soldiers in the service of the Lady, the Black Company stands against the rebels of the White Rose.
