**Von Niall Teasdale : Shadows (Ultrahumans Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shadows (Ultrahumans Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. A good sequelVon Dell WalkerSecond book in the Ultrahuman series. Niall has managed to keep the excitement going at the same pace as in the first book.This time Andrea Morgen / Twilight plays the main roll with Cygnus playing a worthy second fiddle. The villains are great. I am just glad they only exist in the book.Why didnt Marvel Comics have sexy superheroes like this? In my younger days we had to put up with Cat Woman who was totally insecure, didnt know

whether she wanted to kill Batman or have babies with him, and was nutty as a fruitcake. Failing that, we had to be satisfied with Wonder Woman who had as much sex appeal as a dusty rug.0 von 1 Kunden fanden die folgende Rezension hilfreich. A worthy sequel to already perfect first book Von Josh Morgan This is a worthy sequel to the already perfect first book. Even the story and the world are more dark it leads the reader through a interesting story plot and a satisfying conclusion. We learn more about Andrea and we see how Cygnus go on with her life. The author enriches this world with more side characters and more information about other superhumans and the different stakeholders. I hope there will be a next book because this world and the inhabitants are worth it.

Kurzbeschreibung Once upon a time, Andrea Morgan was a normal, everyday girl Lets start again. Once upon a time, Andrea Morgan was a fairly normal girl with quite remarkable reflexes, who could teleport from shadow to shadow. Then her brother was killed and she became Twilight, the stealthy, black-clad nemesis of organised crime in New Millennium City. Then she met Cygnus, almost her exact opposite, but they worked well together: Cygnus in the light and Twilight in the darkness. But there is something in the darkness which is stalking Andrea Morgan. It has been there, in the shadows, since mankind sat around the fires on the plains of Africa and wondered what was out there beyond the firelight. It wants Andrea dead, but sometimes when you die thats just the start of your problems Lets start again. Maybe there was never a time when Andrea Morgan was a normal girl Kurzbeschreibung Once upon a time, Andrea Morgan was a normal, everyday girl Lets start again.
