**Von Cassie Alexander : Shapeshifted: An Edie Spence Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shapeshifted: An Edie Spence Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Edie

Spence #3 Von Detra Fitch Edie Spence is a very good nurse with a lot of experience; however, her types of experiences are not ones she is able to write on her rsum. Until recently, Edie served as a nurse at County General on Y4. This is the hidden section of the hospital where the Super Natural beings are tended to. Edie has dealt with werewolves, vampires, dragons, and more. Ti, her former boyfriend, was a zombie. Asher, another former boyfriend, was a shapeshifter. Yet since Edie had been shunned her life has changed again. Edies mother is terminally ill. The only thing that could save her is vampire blood. But Edie had been previously forced to destroy all vampire blood in the region. Y4 is under the Shadows yoke and the Shadows refuse to help Edie unless she finds Santa Muerte. Just as bad is the fact that since Edie no longer works on Y4, the Shadows is no longer keeping her heroin-addicted brother clean. Edie lands a job at a clinic in a bad part of town. Not understanding Spanish is a big problem, but being able to think clearly and quickly under stress (such as gangbangers with guns entering the clinic) makes Edie a valuable asset. As Edie tries to find a powerful being that not even the Shadows can locate, she must also do her best to keep innocent people out of harms way. Turf wars are common. One gang, the Three Crosses, is trying to get protection money from Dr. Hector Tovar, who runs the clinic. Her coworkers, especially Catrina, are not very welcoming and are keeping secrets. But friendship and cooperation can come from unexpected people and odd places. \*\*\*\* FOUR STARS! This may be the third title in the Edie Spence series, but it will not be the last. Each book contains a stand-alone tale. Edies life, both private and public, is the only constant running theme. Characters from the previous stories return in this episode; however, a reader does not have to read them in order to understand what is going on here. Author Cassie Alexander is definitely making her mark in the Paranormal genre! \*\*\*\* Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung SHAPESHIFTED Cassie Alexander Nurse Edie Spence is once again called upon to save a life...and this time, it's personal. Can her new community of zombies, vampires, and shapeshifters come to her rescue when she needs them most? When Edie was fired from her paranormal nursing job at County Hospital, her whole world came crashing down. Now she's is once again shaken to her core. Her mother is deathly ill and there's only one thing that will save her: vampire blood. But with the paranormal community shunning Edie, where can she obtain it...without losing her own life in the process? SHAPESHIFTED Edie hopes to procure it at her new job at the clinic across town, where the forces of evil loom large. Vampire gang wars are rampant. Old underground enemies are rising to the surface. And Edie's zombie ex-boyfriend has arrived at the scene-but is he the same man he used to be? And what should she make of the enigmatic doctor with whom she shares an unexpected connection? She'll have to figure it out soon, because all hell is about to break loose-literally-and time is running out..."Shapeshifted is the third Cassie Alexander novel I've read, and I enjoyed it just as much as the first. Edie Spence, Alexander's nurse protagonist, has a real talent for getting into trouble and somehow getting out of it, but each time she seems to have sacrificed something, even if it's only her couch. And she's so often sleep-deprived, I worry a little about her patients. But Edie is loyal and tough and determined, and these are all characteristics you want in an urban fantasy hero, which she certainly is. In this book, Edie finds her mother has cancer, and Edie wants some vampire blood to cure her. But Edie's being shunned by the supernatural community. How's she going to get it? A loose plot point or two get tied up in this book, but other threads are left open. We can all look forward to what happens next."--New York Times bestselling author Charlaine Harris Pressestimmen Praise for the Edie Spence series "Dark and clever full moon insanity that will get into your blood, crawl under your skin and haunt your dreams." "--Sherrilyn Kenyon, #1 New York Times bestselling author of the "Dark Hunter" series "The best debut I've read all year. "Nightshifted" is simply amazing!" "--Kat Richardson, bestselling author of the "Greywalker" series "Edie Spence has a distinctive, appealing and no-nonsense style that you won't quickly forget. Add to that a paranormal population that needs medical care for some very odd reasons, and you have a winner of a debut novel." --Kate Elliott, author of the "Cold Magic" series "Fresh, exciting, dark, and sexy, Nightshifted is excellent urban fantasy that grabs you by the throat and pulls you along for a wild ride. Cassie Alexander is an author to watch!" --Diana Rowland, author of "Mark of The Demon" ""There's so much paranormal stuff out there that I often find myself longing for some true urban fantasy. "Nightshifted" ""is the one I was starving for. It's gritty and dark, its heroine jaded and tough, and both of them are studded with moments of humor and human frailty." -"Angieville.com ""Edie Spence has a real talent for getting into trouble and somehow getting out of it. But she's loyal and tough and determined, and these are all characteristics you want in an urban fantasy hero. We can all look forward to what happens next." --New York Times bestselling author Charlaine Harris Praise for the Edie Spence series ""There's so much paranormal stuff out there that I often find myself longing for some true urban fantasy.
