Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great

Diplomatic, Strategic, and Tactical Intrigue as Sharpe Repeatedly Cuts the Opposition Down to Size Von Donald Mitchell "He [Abishai, the brother of Joab] lifted his spear against three hundred men, killed them, and won a great name among these three." -- 2 Samuel 23:18 If you like stories about facing insuperable odds in battle with steadfastness, williness, and courage, Sharpe's Siege will be one of your very favorite books in this delightful series. This book delivers lots of unexpected events and conflicts which seem impossible to overcome. What will Major Sharpe do next? The war against France is finally winding down as the British-led forces expand into southern France from Spain. With a change in leadership, Sharpe finds himself to be an extra officer . . . but one who is well suited for impossible tasks. While the British Navy dreams of launching a rebellion against Napoleon, Sharpe's true orders are to be sure that enough fishing vessels are seized from a tottering fortress so that a critical bridge can be built to facilitate invasion. Sharpe's uneasy because illness plagues the British. Will his beloved be safe while he is away? The naval officers decide to trick Sharpe, but he saves their bacon when a plan of attack turns out to be woefully inadequate. In one of the most humorous moments in the series, Sergeant Harper's sore tooth plays a key strategic role. But in the background, the shadowy "Major" Pierre Ducos, Napoleon's man, has a plan to destroy Sharpe in order to repay the British rifleman for breaking Ducos' glasses in Spain. The plan works all too well, and Sharpe finds himself outnumbered, outgunned, and outmaneuvered. Can he counter such diabolical preparations? Americans will especially like this book for the large role that a privateer crew plays in the story. Those who enjoy having lots of battles in a Sharpe novel will feel like they got their money's worth from Sharpe's Siege. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sharpe's Seige: Sharpe Trapped in France Von Cody Carlson 'Sharpe's Siege' is a wonderful novel in Bernard Cornwell's multi-volumed work. This time Sharpe is under orders to take a French coastal fort with the help of the British navy. Eventually, Sharpe finds himself stranded in the fort thanks to the machinations of his old nemesis Pierre Ducos. With his back to the sea Sharpe adopts, what else, a cunning strategy to defeat the French and save his men. A real highlight in the series and lot of fun. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sharpe improves with age Von Catherine White The premise is simple. Take Sharpe away from the Rifles, and place him and Harper in with a bunch of marines and naval officers. (It's sort of like pitting him against Horatio Hornblower.) Since Sharpe has been through a few sieges in his day, the addition of Sailors make this one interesting. This book is very well recommended.

Kurzbeschreibung Richard Sharpe, abandoned in enemy territory, has to trust in assistance from a hostile American privateer. The invasion of France is under way, and the British Navy has called upon the services of Major Richard Sharpe. He and a small force of Riflemen are to capture a fortress and secure a landing on the French coast. It is to be one of the most dangerous missions of his career. Through the reckless incompetence of a naval commander, Sharpe finds himself abandoned in the heart of enemy territory, facing overwhelming forces and the very real prospect of defeat. He has no alternative but to trust his fortunes to an American privateer a man who has no love for the British invaders. Soldier, hero, rogue Sharpe is the man you always want on your side. Born in poverty, he joined the army to escape jail and climbed the ranks by sheer brutal courage. He knows no other family than the regiment of the 95th Rifles whose green jacket he proudly wears. Pressestimmen 'Sharpe and his creator are national treasures.' Sunday Telegraph 'Bernard Cornwell is a literary miracle. Year after year, hail, rain, snow, war and political upheavals fail to prevent him from producing the most entertaining and readable historical novels of his generation.' Daily Mail 'Cornwell's narration is quite masterly and supremely well-researched.' Observer 'The best battle scenes of any writer I've ever read, past or present. Cornwell really makes history come alive.' George R.R. Martin Pressestimmen 'Sharpe and his creator are national treasures.' Sunday Telegraph 'Bernard Cornwell is a literary miracle.
