KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. tense mystery with love storyVon malewI would recommend reading the first book in the series first, then this. The characters will then be more familiar and it will be a more enjoyable read. The plot is good, a real page turner, and well

written. If you have read Dee Henderson novels you will find a lot of similarity in style and content. A good read.
