AwesomeVon Fiona HuntWhen I was given this book just over a year ago, I was like I'll read that soon. I so wished I had read it earlier, cos I have no idea why IT TOOK ME SO LONG lol. I love Annie Hargrove's books and this 1 was no exception.It carries on from book 1's story. It has Lexi, Pearce, the Middleton family. It brings with it a certain taste for more sex, more love and definitely more HOT characters. Terri and Justin used to date in book 1 but they had an accident. Well let's say that when these 2 get together there are going to be sparks flying left, right and centre. There is all the LOVE, ROMANCE, SEX in this book to make you read it from start to finish. It also has some conspiracy in the book too.Now I am off to read the next installment to this wonderful series.

KurzbeschreibungShe suggested six months but he wanted a lifetime...Justin Middleton, hot sexy orthopedic surgeon is known for one thing...breaking womens hearts. He built quite a reputation for himself and anyone can tell you about him. But now Justin has only one thing on his mind and thats winning Terri Mitchells heart. Thats all the time shes given him--six short months. If he cant do it by then, theyll go their separate ways. Hes convinced that shes the one for him and will go to any lengths to prove it to her. But the one thing he must do is win her trust...and thats something he destroyed when he cheated on her before.Terri Mitchell knows shes lost her mind when she even suggested this six month harebrained scheme. Her broken heart is finally on the mend from her past encounter with Justin. All this time shes convinced herself that hes nothing but a cheating, heartbreaking ass, but when he shows up at her house late one night looking deliciously sexy and irresistible, her iron will to fight him vanishes. Before she knows it, and as much as she tries to resist him, she finds herself in bed with him and falling down a road of passion filled nights. But Terris not alone because for the first time in his life, Justin has met his match. Terri is the one that has turned all the tables. Within weeks, both of them find themselves deeply involved, but when Terris brother, Preston, shows up, mysterious things begin to happen, turning their blissful world into something dark, twisted and dangerous. This is an Adult Contemporary Romance filled with suspense and intrigue. It contains mature content not intended for younger readers. Shattered Edge, while part of the Edge Series, is a stand alone Edge Novel.KurzbeschreibungShe suggested six months but he wanted a lifetime...Justin Middleton, hot sexy orthopedic surgeon is known for one thing...breaking womens hearts. Shattered Edge, while part of the Edge Series, is a stand alone Edge Novel.ber den Autor und weitere MitwirkendeOne day, on her way home from work as a sales manager, A. M. Hargrove, realized her life was on fast forward and if she didn't do something soon, it would quickly be too late to write that work of fiction she had been dreaming of her whole life. So, she rolled down the passenger window of her fabulous (not) company car and tossed out her leather briefcase. Luckily, the pedestrian in the direct line of fire was a dodgeball pro and had ber quick reflexes enabling him to avoid getting bashed in the head. Feeling a tad guilty about the near miss, A. M. made a speedy turn down a deserted side street before tossing her crummy, outdated piece-of-you-know-what lap top out the window. She breathed a liberating sigh of relief, picked up her cell phone and hit #4 on her speed dial. Boss: Hello A.M.: Boss, is that you? Boss: Why yes, A. M., who else would be answering my phone? A.M.: Er... right. Well, I'm calling to let you know you can pick up my luxury Ford Focus at Starbucks near the interstate. Boss: Why ever would I want to do that? A.M.: Because I quit! A.M. hit the end button and speed dialed her husband. A.M.: Hi hubs, can you pick me up at Starbucks? Hubs: Sure... Having some car trouble? A.M.: Not at all. I don't have a car to have trouble with because I just quit my job. Hubs: WHAT?! A.M.: It's time for a new career and I am going to be a very famous novelist. So began A. M. Hargrove's career as a YA/NA and Adult Romance writer. Her books include the series the Guardians of Vesturon (Survival, Resurrection, Determinant, Beginnings and the upcoming reEmergent), Dark Waltz, Edge of Disaster, Shattered Edge and soon to be released, Desperate Lengths.
