Von Kate Sweeney : She Waits (Kate Ryan Mysteries Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised She Waits (Kate Ryan Mysteries Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great start of a great seriesVon Newwa EwwaAlready as a kid I loved a good mystery, especially the good old PI storys, that usually involved a very grumpy lead, solving the puzzle and catching the murderer. Kate Ryan follows almost perfect

into those footsteps, though she is less grumpy and more witty. Also Kate is a former PI and has settled for a new life as a photographer. Of course that doesn't stop her from stumbling into a situation that does indeed involve murder and also a little bit of supernatural happenings. I really love the characters. Every single one is well detailed and believable. Kate is a great lead character, likeable, and also with as many flaws and insecurities as talent and skills - which makes her only more believable. And then there is of course that spark of a romance between her and her "client", the lovely and stubborn Dr. Maggie Whitfield. I really enjoyed this book and was very to find out, that it was only the start of a series. Kate Ryan became very quickly my favorite PI.

Kurzbeschreibung Kate Ryan is a middle-aged, accident prone, ex-private investigator. Emphasis on 'ex' as she and her partner gave up their profession after their last case nearly cost both of them, their lives. They wisely decided to limp away with whatever dignity and body parts they had left. Unfortunately, Kate will forever carry the scar to remind her of her folly that nearly took her life and plagues her heart and soul. Vowing never again to let her emotions rule her reason, Kate decides to go back to her first love, free-lance photography. For the next few years, she exists alone in - "My emotionally detached loop," as Kate proudly calls it. Then all hell breaks loose and Kate drops a loop. Enter young Dr. Maggie Winfield and her adorable Aunt Martha. Kate literally stumbles into their lives one autumn morning and becomes an unwitting participant in their tangled web. Clues unravel in their small little hamlet and old secrets are sadly revealed. Kate's long forgotten instincts now compel her to untangle this web of deceit. In the midst of all this murder and mayhem, the detached photographer finds herself in a position she never thought she would be in again. It seems the feisty Dr. Winfield is having an unexpected, yet pleasant effect on her. The elusive Kate combines forces with the sarcastic Maggie, as they become the nucleus for this ongoing series.
