**Von Elizabeth Moon : Sheepfarmer's Daughter (Paksenarrion Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sheepfarmer's Daughter (Paksenarrion Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A very good fantasy trilogy, one of the bestVon Henning HenningPaksenarrion is one of those heroes you start to love. I have lent my copy away to at least ten people and at least half of them bought their own copy after reading it!I like very much all the three books in the Paks trilogy and I find this the best of the work of Elizabeth Moon. Some of her space opera is also quite good, but a bit easier readingElizabeth Moon must have used her experiences as a woman in the armed forces to write so good about wars and being a woman in a war. She also seemes to be able to put her

combat experience in good use in these books. I have no problems believing in Paks and that is my ultimate proof that a book is good. I rate Moon along writers as Gavriel Kay, Mary Brown, Tolkien, Eddings, Jordan (in the first books in wheel of time series). I gave this to my niece and she loved it, so its also OK for 16 year olds. If you like good fantasy this is a book for you! 0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the grittier SF to come around in a long time. Von Ein Kunde I really enjoyed this book as demonstrated by the mark that I gave it. One of the main features that I found most endearing was the fact that there was a realism found in few other books. When Elizabeth Moon describes camp chores or marching along a trail you do not have this smoothing over of the aches and pains. In one instance you have "Paks" in the front of the column dreaming of marching into battle and as soon as the column rotates so she is eating everybody's dust you can tell that she quickly tires of the monotony. I enjoyed the way that this portrays the battles. As a lowly private, a character would rarely know what is going on beyond her small section of it. This was successfully incorporated into the novel which again points to the realism of it. And the most important... People actually die in this book. This has been an area which irritates me the most. When I read other books you have a bunch of sub-characters that die off leaving the main characters to sail off into the sunset. Elizabeth Moon does not do this. She has characters that she develops and then die with all the attendant shock one would have if a person were to die in real life... questioning god, doubting yourself, and questioning your motivation of this particular kind of work... All in all a very well done piece 0 von 0 Kunden fanden die folgende Rezension hilfreich. The start of one of the best fantasy series of all time Von Ein Kunde I don't care for many of Moon's later works, but it is obvious she poured her heart and soul into her first fantasy trilogy known as The Deed of Paksenarrion. This book (along with the two that follow in the trilogy) were so good that I had a hard time reading any other books for a while afterwards. I had a hard time finding another book that lived up to the high standard this one set. Moon has been compared to Tolkien (what decent fantasy writer hasn't been?), but she builds her world on the small details instead of the broad strokes of Tolkien. It is those small details that bring Moon's characters and world alive like no other fantasy world I've read about. Moon is also a master manipulator of emotions. She will have you laughing throughout one chapter and crying throughout the next. Moon has no aversion to dealing with the death of characters you grow to love which makes it all the more real. That it features a strong and intelligent female lead that doesn't get all goofy over some cliched heroic male is also refreshing. I just wish Moon would get back to her roots and write more books about this great heroine.

Kurzbeschreibung "The Deed of Paksenarrion - Book I Paksenarrion Paks, for short refuses her father's orders to marry the pig farmer down the road and is off to join the army. And so her adventure begins the adventure that transforms her into a hero remembered in songs, chosen by the gods to restore a lost ruler to his throne. At the publisher's request, this title is sold without DRM (Digital Rights Management)." Kurzbeschreibung "The Deed of Paksenarrion - Book I Paksenarrion Paks, for short refuses her father's orders to marry the pig farmer down the road and is off to join the army. And so her adventure begins the adventure that transforms her into a hero remembered in songs, chosen by the gods to restore a lost ruler to his throne. At the publisher's request, this title is sold without DRM (Digital Rights Management)." Synopsis The first volume in "The Deed of Paksenarrion" saga. Paksenarrion defies her father's orders to marry the pig farmer down the road, instead, she's off to join the army. So her adventure begins - the adventure that transforms her into a hero chosen by the gods to restore a lost ruler to his throne.
