Can Foxy Keep Her Hands Off Paul?Von Ingrid Stephanie JordanTitle: Shifted PerceptionAlpha Division Book 2Author: C.E. BlackReviewed: Stephanie Jordan Ms. Black writes some of the best stories.This one is no different. She has

plotted these fantastic characters against each other then BAM they are together. Yes the Alpha Division which consisted of many types of shifter were a family. Terry aka: Foxy, is a Fox shifer who had a lot of trust issues, steaming from her past history. So it was very hard for her to go on a mission with Paul a jaguar shifter who was branded a trader by the division. It was even harder cause even if she didn't want to be, she was attracted to him, attracted to a trader. All Paul had and wanted to do in this mission was to protect Terry, but wanting to take her to bed and ravish her body made it hard for him in many ways. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung If there's one thing Terry (aka Foxy) hates most, its a traitor. After Paul betrayed his team, he was given a second chance, though not everyone forgave the sexy jaguar shifter. In Foxys mind, once a traitor, always a traitor, and she refuses to work him. Even if he is too desirable for his own good. When Foxy and Paul are thrown together on a mission, butting heads is an understatement. The struggle for dominance brings tension to every encounter between these two. Paul seems determined to keep Foxy safe and shes determined to keep her distance. But with every burning glance he shoots her way, and every husky word he utters, she wonders if hes more determined to drive her crazy with lust than anything else. Her only resolution is to keep her cool, though thats easier said than done, even with her firm determination to never sleep with a traitor. Going undercover isnt Foxys specialty, but when Teij says jump, she doesnt even question how high. Infiltrating this group of drug smugglers and finding out whos really running the show is only part of the job. Her first priority is finding her captured teammate, and when she meets Stone, leader of this small organization, things begin to heat up unexpectedly. Foxy knows how to use the attraction to her advantage. Using her feminine wiles in these situations is expected. Its what the Alpha Division does Get close, get what you came for, and get out. Only, things arent going as planned. The secrets are piling up and time is running short, but Foxys real problem is keeping her focus. Between Paul and Stone, shes having a hard time keeping her head - and her clothes - on straight. *Warning: This book contains strong sexual content, violence and adult language. Not suitable for readers under the age of 18. Kurzbeschreibung If there's one thing Terry (aka Foxy) hates most, its a traitor.
