Crippling Fear Von Ingrid Stephanie Jordan 4 Stars Title: Black Bear, Part 1 Shifter Author: Emerald Wright Reviewer: Ingrid. Stephanie Jordan #Paranormal #BearShifter I am amazed at how fast I read this, could be because it's very intriguing, wanted to see what would happen next, I just couldn't put it down. Thinking yep this bear was going to take what he wanted, darn!! he didn't he was too much of a gentlman. Which could be good, i just wanted to be BAD! When I got to the end I was a little miffed you see I've never been a fan for cliffhangers. As I'm into this book I guess I have no choice. Hopefully it won't be to long for Part 2. Ryker is a Black Bear Shifter, in the military special forces unit, as its top secret he can't tell anyone anything about his job. Making the decision to become a lifer figuring he'd build his career then think about settling down. Ryker took a few days off and went hiking to the top of the mountain at Emerald Lake, he needed to let his bear run loose. Thinking of hurrying to get to the top he hits something and falls down. Can't believe he tripped over a boulder because he was hurrying only to realize it was a body, a live body that's moving! Charlene was running she did everything she could to make sure he couldnt find her. She even bought a new laptop in case he had the old one bugged, not even leaving a paper trail. Skypeing him on his week out of town for meetings to let him know she was leaving. After years of abuse she finally had enough and ran. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung An island to himself, will loner bear-shifter Ryker open his heart to a woman on the run from her abusive spouse? A loner by nature, Ryker needs a day to himself to allow his inner bear out. So, he hikes up to Emerald Lake. Charlene never meant to be in trouble, but for whatever reason, trouble has a bad habit of finding her. She's running from a monster. A monster who has made a habit of beating her nearly every week since they got married and she's had enough. She's on the run and leaving her soon to be ex-husband behind. For good. Will they be able to overcome their challenges and embrace the love that's destined to be theirs?
