Von D H Sidebottom : Shocking Heaven (Room 103) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Shocking Heaven (Room 103) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally absorbing!!Von ELLAWow!! I've read this book in 1 day and I'm still flashed.The story got me totally. There's Eve, called E, who is a brave and loving girl. Her childhood was a total mess but she tried to live and to enjoy her life. But she has very serious issues and try the handle them for her own sake. And then she meet Jax, leadsinger of Room 103, and she falls for him at the first sight. And now my opinion:Jax is a total loss for me. He's never there for E when

time's get rough for her. Every time he's running away and only pity himself and when he comes back, he just have sex with her and everything is fine Sure he had a hard life too but he is so bland and he was supposed to be the strong alpha male??? Ja, of courseThe only man who's standing by E's side is Boss the drummer of the band. He is such a sweet guy and cares for her and protect her in every way what should actually be the part of Jax. But Boss loves E like a brother and has his own story (which I currently reading). Despite the fact that Jax is so far from a mature guy (only in bed) the book get my full recommendation because the story is absorbing and so it should work with books, a temporary escape from the reality. I had a good time! Good Job, Ms. Sidebottom0 von 0 Kunden fanden die folgende Rezension hilfreich. Die Geschichte von E und JaxVon WuukieEigentlich lese ich nicht gerne Geschichten wo die Protagonisten sehr jung sind, aber das Alter spielt bei diesem Buch überhaupt keine Rolle.Tolle Liebesgeschichte mit vielen sehr emotionalen Wendungen ohne schnulzig zu sein.Gut und flssig geschrieben, sehr zu empfehlen.

KurzbeschreibungLeaving her past behind, Eve Hudson embarks on student life. Determined to take control of her life and move on from her turbulent past, Eve strictly orders no drama, no bullshit and definitely no relationships.That was until she met deep and moody Jax Cooper, The vocalist for local band 'Room 103'. Jax is arrogant and egotistical, an alpha male straight through to his core, but so damn hot, and Eve soon finds his relentless pursuit of her, harder and harder to resist.But both hold tortured souls and secrets, secrets that could blow their whole lives apart...literally.Except sometimes it's not secrets or damaged spirits that threaten their relationship...it's life itself.Eve soon finds out that if you're going through hell, then the only way out the other side, is to just keep going.This book contains explicit sex scenes, strong language, Self harm and lots of heartache. And of course...one hell of an alpha male.KurzbeschreibungLeaving her past behind, Eve Hudson embarks on student life.
