Von Erica Spindler : Shocking Pink before purchasing it in order to gage whether or not it would be worth my time, and all praised Shocking Pink:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great romantic suspenseVon Ein KundeIn 1983 Missouri, teenagers Julie Cooper, Andie Bennett, and Raven Johnson are the best of friends. Though the three have typical teen-type problems, they also have family troubles that threaten to engulf them. Julie's father, a local pastor, is always punishing his daughter for being a sinner. In doing this, he pushes her in the direction of act like the town tramp. Andie's world crumbles when her mother announces that her father is obtaining a divorce. Raven hides from even her best friends that her mother deserted her because she could not deal with the non-substantiated jealous rages of her spouse. All three decide to clandestinely watch a couple having a love affair. However, they see more than they bargained for when rough sex, leading to the unsolved murder of the woman,

occurs. Fifteen years later, the three females are still the best of friends. Andie is a psychologist and Raven is an interior designer. The often married Julie suffers from sexual addiction, a disorder that her two buddies hope to help her control. Entering the separate lives of the triad, one at a time, is David Sandler. Is it coincidence that he has entered the lives of each female without the others knowing about him? Or does his actions tend towards a secret purpose known only to him? **SHOCKING PINK** is a chilling shocker that will thrill fans of both romantic intrigue and suspense. The characters, especially the wholesome threesome seem so genuine that most readers will think that they complete the quartet. It is the realistic background that spins Erica Spindler's story into what will surely be acknowledged as one of the best, but most frightening novels of the year.

Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Easy to read and kept my interest. Von Ein Kunde This is the second book I've read by Erica Spindler; the first was **CAUSE FOR ALARM**, which was terrific! I was slightly disappointed in this book because it did not hold my interest as much as **CAUSE FOR ALARM** did. However, the book kept my interest and it was a good storyline. I found the friendship a bit unbelievable, though. I don't think there are any friends like that in the world that constantly say "I love you" and "you're my family" as much as that was repeated in this book. Ms. Spindler still writes a great book and I look forward to reading another novel by her.

The first was a **Cause for Alarm** which was great as well. Both held my attention from the beginning and was a very fast read. If you want an entertaining read and you love suspense and romance then I highly recommend both books. I am definitely looking forward to reading more books from this author.

Kurzbeschreibung They were only watching The mysterious lovers the three girls spied on were engaged in a deadly sexual game no one else was supposed to know about. Especially not Andie and her friends, whose curiosity had deepened into a dangerous obsession. Now, fifteen years later, someone is watching Andie. Someone who won't let her forget the unsolved murder of "Mrs. X" or the disappearance of "Mr. X." Suddenly Andie doesn't know who her friends are because loyalty can be murder. Andie. Julie. Raven. Three very different women bound by more than friendship.
