Von James Clavell : Shogun: The First Novel of the Asian saga before purchasing it in order to gage whether or not it would be worth my time, and all praised Shogun: The First Novel of the Asian saga:

Kurzbeschreibung This is James Clavell's tour-de-force; an epic saga of one Pilot-Major John Blackthorne, and his integration into the struggles and strife of feudal Japan. Both entertaining and incisive, SHOGUN is a stunningly dramatic re-creation of a very different world. Starting with his shipwreck on this most alien of shores, the novel charts Blackthorne's rise from the status of reviled foreigner up to the heights of trusted advisor and eventually, Samurai. All as civil war looms over the fragile country. Pressestimmen "Superbly crafted...grips the reader like a riptide...gets the juices flowing!" Washington Star "Exciting, totally absorbing...be prepared for late nights, meals unlasting, business unattended..." Philadelphia Inquirer "Adventure and action, the suspense of danger, shocking, touching human relationships...a climactic human story." Los Angeles Times "Breathtaking....worth every word, every ounce, every penny." Associated Press Werbetext James Clavell's most famous and best-loved novel repackaged for a new generation
