I want to see more of this seriesVon Ein KundeI bought *Shoot/Don't Shoot* because my sister had lent me *Tombstone Courage* and I liked it. I live in Cochise County, so it tickles me to see familiar place names. This book combines such real-life problems as domestic violence, serial killers, and a few of the things that are wrong with our justice system (weaknesses the serial killer exploits with frightening ease). I cared about the characters and worried about what would happen to them. In fact, I wish I could have spoken to some of them. I'd have said: (to the lesbian's homophobic relative): You'd better start lobbying for acceptance of homosexuals as full-fledged members of the human race. If current research is correct about some cases of homosexuality being inherited, you could wind up with a gay or lesbian child or grandchild. (to Mrs. Duffy): You'd better let your grandchildren spend time with their father and other grandmother. You raised a daughter who neglected those children for booze and sex. Senora Grijalva raised a son who was willing to rot in jail rather than let his children find out their mother was a whore. Given your respective records, I'd feel better if those children were being raised by the Grijalvas. (to Sheriff Brady): Give your mother what for! It won't solve all of your problems with her, but I can assure you that you'll feel better. (I know how you feel about pixie cuts. My father made me wear one and I hated it, too.) I look forward to getting the first and next book. Tip for readers: "Huachuca" is pronounced "Wah-choo-kah". Ann E. I lived in Phoenix for several years and Jance's descriptions of the area are accurate. This book is excellent. I'm not a huge mystery (or even fiction) reader, but this author is outstanding.0 von 1 Kunden fanden die folgende Rezension hilfreich. Heavy on talk...plodding plot.Von Ein KundeAs a fan of J.A. Jance I was very disappointed. I really could not finish the book as there was so much talk and so little action or plot, I gave up on it. Oh well, she has lots of others! I wouldn't bother with this one.

KurzbeschreibungA prisoner languishes in a Phoenix jail cell, accused of brutally slaying his estranged wife. No one believes the man is innocent, except the new female sheriff of Cochise County, in town for a crash course in police training. Joanna Brady is out of her jurisdictionand possibly in over her head. For a human monster is on the prowl, hiding the grisly evidence of his horrific crimes in the vast emptiness of the Arizona desert. And an impromptu investigation, with no official sanction and no back up, is drawing a cold, ingenious serial killer much too close to Brady for comfortand, worse still, closer to her little girl.From Publishers WeeklyThird installment in Jance's Joanna Brady series.
