Fantastic readVon Philomena(Cheekypee)This is the first book I've read by this author I totally loved it.I loved the storyline throughout this book. The sexual tension had me wanting to throw Julia into the arms of her professor, Aiden.This is one of them books where I just had to sit read until I had it finished. The author did a great job of grabbing my attention keeping it there throughout. It took a lot of will power for me not to skip to the end to see what happens!!Fantastic read which I'll certainly be recommending to my friends.Although this doesn't end in a cliff hanger I'm very much looking forward to reading the next part of this series.Received in return for an honest review.
