THE VERY TALENTED SUSAN MAC NICOL!! THE NAME OF HER M/M PHYSIC MYSTERY IS SIGHT AND SINNERS!! TITLE SIGHT AND SINNERS AUTHOR SUSAN MC NICOL GENRE ADULT OVER 18 M/M PHYSIC MYSTERY RELEASE DATE FEBRUARY 23RD 2015 I received an ARC of this very FANTASTIC read from the author. In exchange for an honest review. This is Mousieys very honest opinion of this very unique book. Once I started reading the story of Taylor Abelard (who has physic powers z) and Draven Samuels (who works as an investigator with a high-profile company. See Tay as he is called by his friends and lovers; can see things. He all of sudden gets these images that come into his mind- poor Taylor has no control over them. He starts seeing these images of a lot of blood and someone being on danger. Doesn't know who it is- just that it is someone he is close to or someone that whoever is close to him knows. The next day he has a horrible day at work- on top of that Tay gets horrible news, His best friend Drew committed suicide. He had know Drew personally- they had been lovers even though he was married and children. Now Draven comes to the funeral and Taylor thinks that he is following him. One thing leads to another - the next thing you know they hook up. Yes you read right!! See both men are gay. A few weeks down the road and Draven who really never believed in Taylor's abilities comes to him and ask for his help. He needs him to help solve Drew's death. He believes that Drew was being blackmailed about him having sex with men. This is where it really gets good!! Who killed Drew?? What will happen to Taylor and Draven?? For these answers and more you need to read the book. Due to the fact that book contains adult situations - I recommend it to adults over 18 and those that love to read M/M with Physic and mystery in it. Mousiey gives this amazing-fantastic-terrific-OMG you have to read - a 50 out of 5 stars. The author's writing style is so unique that you will not put this book down until you finish her book - then you will want more of their story Ms Mac Nicole - I so look forward to reading more of your books! Sight and sinners covers a couple very serious topics. One: Draven is an undercover agent and seen a lot. He has a tough exterior and is hard to get to know. He also likes to fool around and his high libido gets him in a lot of trouble. He also has a family secret that haunts him. Two: Taylor is a physic but his ability is only linked to people close to him making it worse. When he feels that someone is going to die or get hurt he knows it is someone he is connected to. At first Draven doesn't believe in Taylor's talents but soon he sees firsthand what Taylor can do, but when he finds out Taylor has the answer to a very serious decision he has to make he has trouble dealing with it. Will he take Taylor's Message seriously or will it destroy anything between them. There is a lot of lies, deceit and secrets in this story as well as angst. One thing I like so much about Susan Mac Nichols is that her stories deal with very real issues that can happen to anyone, then are spun into a very strong, powerful story. This story deals with family tragedy, harsh decisions and suicide. She mixes it with sexy men, very hot sex and some mystery and intrigue to take the edge off. Every time I read a new name I couldn't help but wonder is this the next book? If you like spies, angst, tearjerkers, not so easy relationships, psychics, fun characters, and very hot man-sex this is for you.

Kurzbeschreibung The murder of a shared friend leads a high-profile investigator and a psychic into a mystery involving lies, blackmail, BDSM and into each others arms. THE MEN OF LONDON From Charing Cross to Waterloo, there's no escaping love. SEEING THROUGH 28-year-old Draven Samuels has a tragic past, but as an investigator with a high-profile London company he now gets what he wants. Tough, sarcastic, and sceptical, he has no patience for lies and even less for people who waste his time. Even if they're as beautiful as the wild and dark-haired Taylor Abelard. Especially when they're talking over the body of a murder victim. THE DARKNESS Psychic Taylor Abelard is used to people calling him a freak. He can see past events and feel the ghostly vibrations of people close to him who've passed on. It's why he doesn't get too close to the living. But this time, against his better judgment, despite Draven's mocking rejoinders, Taylor will get closer than ever before. The mystery of a dead friend will lead the two men down a dark and seedy trail of blackmail and lies. Add in the heartbreak of a family tragedy, and events lead them straight into each others arms. By the end of this night, all their demons will have risen and been banished with the dawn.
