Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Hot and extreme (too much for me) 3,5 stars Von Magritte Signed, sealed and delivered is a very erotic novel (around 160 pages) about a woman learning to submit to a BDSM master and finding her happiness. Alana Simmons is tempted by

kinky sex games and has some experience in being mastered. But as she wants more she has managed to convince Ethan Kendall to train her. Ethan has stopped training subs some time ago already, but is intrigued by Alana who seems a lot of fun to break and master. So he accepts her to become his trainee, he accepts her to his house in England and his friend, employee and sometimes sub Thomas is also very interested in her. Giving up all her free will, becoming a slave to Ethan and Thomas's desires is so far from what she expected that she has real troubles accepting, bending to Ethan's will but her need to please him /them overrules her fears. The story is very erotic, very hot but really focused on pain and submission. I personally prefer erotic stories that suggest feeling between the main characters, real respect and eventually love. I don't like being told at the end who falls in love with whom, I want to feel the feelings develop and I want them to become evident to the reader. This is why I had trouble with this book I don't like full time submission and sado-maso relations probably in the same way I don't enjoy M/M relationships, because it doesn't turn on, which does not mean that the book is bad, it's just not really my kink. Enjoy the read if this type of story is your kink. MBTM
