SILENCE THAT SIZZLES-A CAPTIVATING ROMANTIC STORY.
This story focuses on; Kyle Frost, a heart-stirring powerful polar bear shifter, and part owner/manager of the Urban Dwellers nightclub; Dr. Kelly Mallone, an audacious, intelligent beautiful human/researcher.
What you'll find in the story: a cast of remarkably impressive and engaging characters; spectacular story-line, picturesque and dynamic scene descriptions, fabulous banter, camaraderie, action, family issues, gripping suspense, horrific danger, life threatening incidents, gut-wrenching moments, abduction, heart-pounding toe curling sensual romance, and a melt your heart conclusion leaving you wanting more.
Kyle has an anguished past that he shares with his partners; and horrific nightmares torment him. Now he is a business owner and extremely well off. When Kelly shows up at his club, his past from the military washes over him. She had been his doctor while he was in Afghanistan, and every minute he spent with her was cherished, she still haunted his dreams, never asking her for a date even though he knew in his heart she was his mate. Kelly needs Kyle's help. She quit her job at the pharmaceutical company she worked for, discovering a secret project they were working on sickened her, and wants to oust them. The only problem is, now they are coming after her with a vengeance, but there is also someone else who wants Kelly for her knowledge and will stop at nothing to get her. Kyle faces many challenges, including protecting his mate....
FANTASTIC exhilarating read by a truly gifted author. The intriguing plot and vivid scene descriptions keep you attached to the story from start to finish. I loved how Kyle handled the issues that plagued him, and becomes a most valiant hero. Kelly's lion-hearted persona makes her a great heroine. The romance between Kyle and Kelly sizzles with undying devotion. I relished this story, a most gratifying read, and look forward to reading the next book in this series.
