her two children to New York to see the Rockefeller Center Christmas Tree. Catherine, the mother is on the sidewalk listening to a singer, when she drops her wallet. A lady picks it up and starts to run to her apartment. Brian, Catherine's son follows Cally to her apartment to get the wallet back, because inside of it, there is a St. Christopher medal. Brian and his brother were going to give it to their father, who is in the hospital with Leukemia. Brian chases the lady for quite some time and finally reaches her apartment. He follows her in. Cally sees the young child and is wondering what is he doing in my apartment. She knew she shouldn't have taken the wallet. Cally's brother, Jimmy was there also, and he threatened to take the boy and go to Canada. By this time, Cally and her brother both knew that the wallet belonged to the little boy's mother. Cally gave back the wallet to Brian. Meanwhile, Jimmy, who is an escaped convict, took Brian, stole a car, and drove to Canada to see his girlfriend. The whole story revolves around trying to get Brian back to his mother before Christmas and for him to get the medal to his father. In my opinion, this is one of the best books I have ever read, and I rate it a five star. It was very simple for me to follow along.0 von 0 Kunden fanden die folgende Rezension hilfreich. Silent NightVon CindyI loved the novel. It was absolutely perfect. When I read the novel, I couldn't put it down! It keeps you on the edge of your seat through the whole book. Mary Higgins Clark just has a way of keeping you into the novel until you finish one her suspense-filled books. In the novel Silent Night, a lady named Catherine Dornan lost her wallet and her son. Her wallet fall out of her handbag, and her son ran after it. A lady named Cally Hunter stole her wallet and ran with it. However, when Cally got home her bother who is an escape killer, was there waiting for her. Brian, Catherine's son followed Cally home and consequently, Jimmy; Cally's bother, kidnapped him. The only thing Brian Dornan was worried about was getting back to his mother before Christmas and for him to get back the St. Christopher medal to his father, so he can get well. Risking his own life and safety...what a kid! You'll have to read the book to find out how the story ends. In my opinion, all of the characters in the novel are plausible because their actions and reactions are very believable, by how Mary Higgins Clark wrote it. I hope you enjoy the book as much as I did.0 von 0 Kunden fanden die folgende Rezension hilfreich. "Silent Book"Von Ein KundeThe book I read was "Silent Night", by Mary Higgins Clark. This book was very exciting to read. I like this book because it had an unpredictable plot. When I was reading it, I always guess wrong about what was going to happen next. The more I read the book, the more I wanted to read. Brian was going to be kidnapped because he followed the kidnapper's sister home. The family members in the story cared about each other. There were lots of family values in the story "Silent Night". The only bad part was that one chapter they were talking about Brian's family, the next it was about the kidnapper's family. As a result, I did know what was the next chapter talking about. It was a sad sorry because the boy got kidnapped for no reason. I consider "Silent Night" as a suspense story. It was not like the book called "Stalker". Just by the title, you know what the story is about. Obviously, the stalker in "Stalker" would either get killed by revenge, or get arrested. Over all out of ten, I give "Silent Night" an eight. Finally, I hope you will enjoy this book too.

KurzbeschreibungMary Higgins Clark, the "Queen of Suspense," has crafted a very special holiday story about a child's courage in the face of danger, and the power of love. Charged with menace and thrilling suspense, it is the #1 New York Times bestselling author's gift to readers for all seasons. When Catherine Dornan's husband, Tom, is diagnosed with leukemia, she and their two young sons travel with him to New York during the holiday season for a lifesaving operation. On Christmas Eve, hoping to lift the boys' spirits, Catherine takes them to see Rockefeller Center's famous Christmas tree; while there, seven-year-old Brian notices a woman taking his mother's wallet. A St. Christopher medal tucked inside the wallet saved his grandfather's life in World War II, and Brian believes with all his heart that it will protect his father now. Impulsively, Brian follows the thief into the subway, and the most dangerous adventure of his young life begins...From Publishers WeeklyClark's favored theme of endangered kids (Where Are the Children?, etc.) meshes here with a parable of faith; but, despite swift pacing, the predictability of the story line undercuts the suspense. Catherine Dornan is in Manhattan with her two sons because her husband, Tom, an Omaha pediatrician, is hospitalized there for leukemia and has just had his spleen removed. When a troubled stranger, Cally Hunter, makes off with Catherine's wallet, seven-year-old Brian Dornan doggedly pursues her because the wallet contains a St. Christopher medal that saved the life of his grandfather in WWII, by deflecting a bullet. Brian believes that the medal will save his dad's life, too, as his grandmother has predicted, and he is determined to get it back. Enter Jimmy Siddons, Cally's brother, a cop killer escaped from Riker's Island prison, who abducts Brian, holding him hostage at gunpoint as he heads for Canada in a stolen car. In the finale, as Catherine prays during Mass at St. Patrick's Cathedral, the cops and Siddons, Brian at his side, engage in a high-speed chase, in which the St. Christopher medal becomes vital to the boy's safety. Clark blatantly, if cleverly, pulls all the sentimental strings here, but most readers will find this a heartwarming, affirmative tale of the power of faith. 750,000 first printing; Literary Guild main selection; simultaneous SS audiobook. Copyright 1995 Reed Business Information, Inc.From BooklistClark's latest, a svelte 160 pages, crams lots of intensity and suspense into little space. The story is about seven-year-old Brian Dornan, whose leukemia-stricken dad is convalescing in a New York hospital. Brian, walking to the hospital with his

mom, sees a woman pick up the wallet his mother has accidentally dropped. The wallet contains a St. Christopher medal that Brian is convinced will help make his dad okay again, so when the woman takes off, Brian follows. Unfortunately, the woman is Cally Hunter, sister of escaped convict Jimmy Siddons, who winds up taking Brian hostage. There's the requisite dose of what's-gonna-happen suspense and an ending that's smarmy and unsurprising, but Clark's legion of fans seem to tolerate those qualities easily. This smooth novelette is certain to be popular in spite of--or possibly because of--its tendency to sound like a cross between a Danielle Steel story and a TV movie. Emily Melton
