Von Johanna Lindsey : Silver Angel before purchasing it in order to gage whether or not it would be worth my time, and all praised Silver Angel:

one. Overall, it is good, but I have read better and Lindsey has written better too. The plot is exciting and tinged with intrigue. The hero is great (I am not too thrilled with his rakish past, but this is fiction not fact, so I'll digress...) and the setting and background history were detailed but never dull. The dialogue was punchy and the action was fast paced. The love scenes were good--not great, but better than average. My problem is the heroine--Chantelle--who is so 'stubborn' (more like stupid!) and so wishy-washy-whiny and so dull that I really didn't care either way what happened to her. And how many times does her silver hair and violet eyes have to be mentioned? It is nauseating! She is a two-dimensional character notable only for her looks and little else--kind of like reading the harem adventures of Barbie and Ken. Ann Chamberlin, Bertrice Small, Connie Mason and Jane Feather have written better harem tales than this. Read one of those first!

The setting and the plot were great. Derek's character (in the beginning) is nice enough to make you endure what Chantelle must endure. My only problem with the book is how Derek only agrees to marry Chantelle AFTER his fiancée breaks off the engagement--instead of breaking it off himself. Otherwise, this book is a great read.

Johanna Lindsey is my favorite author, and this book is my ultimate favorite. The intrigue is so well intertwined with the romance, it's like two books in one. I could picture the scenes and felt a part of history as I read this story. I have read it several times, and will read it again. It's FABULOUS!!!
