EntertainingVon Summer SunSM Reine is great, funny characters, entertainig stories, I'm always delighted to find a new book waiting to be read.What I like best is, that all Charakter from her books come in touch sometimes, they all live during the same time, so you get a pretty good picture of whats going on. And every maincharacter lets you see this world from a totaly different angle.I recommend reading all her books.Can`t wait whats comming next....

KurzbeschreibungFormer private investigator Csar Hawke has one rule: He doesnt deal with dead bodies. Thats why he enlisted with the Magical Violations Department in the Office of Preternatural Affairs. Hes happy tracking down witches that commit petty crimes, but he leaves the homicides to other agents.Except that hes been assigned to a new teama team that handles special investigationsand the job has suddenly changed. Now Csar has to deal with dead bodies. He also has to deal with necromancers, murderous cults, and demons that can stop a mans heart with fear.This isnt the job he signed up for, but its the job he needs to do.If he survives the first week.KurzbeschreibungFormer private investigator Csar Hawke has one rule: He doesnt deal with dead bodies.
