Von Ed Greenwood : Silverfall: Forgotten Realms (Stories of the Seven Sisters) before purchasing it in order to gage whether or not it would be worth my time, and all praised Silverfall: Forgotten Realms (Stories of the Seven Sisters):

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. The

Seven Sisters, in the eyes of the creator Von Ein Kunde Ed Greenwood gives us the definitive stories to the seven sisters, no matter how differently they are portrayed in other books, after all, Greenwood is the creator of the Forgotten Realms, so there is no argument there. The storyline is a complicated and carefully constructed plot, but it is not the essential reading for beginners in the Forgotten Realms world, Greenwood sometimes mentions things that needed to be looked up, and also does not explain other things fully. The scenery changes fast and furious, and this could cause some confusion for the not-so-careful reader, it is a book to be studied over. These are some of the reasons why it is not one of Greenwood's best publications. Other than that, the characters are fine themselves, although one or two of the Sisters may seem a little "odd" at first (for example, Sylune and the Simbul.), but the reader quickly adapts to the style of the story and is "assimilated" neatly into it, this I have to give Greenwood credit for. All in all: Readability: 9 out of 10 Style: 10 out of 10 Storyline: 8 out of 10 (a bit corny in some places) 3 von 3 Kunden fanden die folgende Rezension hilfreich. Disappointing Von Ein Kunde Although a fantasy novel can never be described as "unrealistic" without evoking much-deserved laughter, I found that the events in this book/anthology went contrary to the Forgotten Realms genre. The seven sisters seemed to lose the individual personalities and depth of character previously established in other works. Here they were nothing more than the seven sisters, each running around saying "yup, I'm a chosen of Mystra." Further, the events of the book made the characters seem very shallow, two-dimensional and empty. They were more representations of their archetype, not characters. It seemed as if the author was far more interested in writing the book than developing the characters or story. As a big fan of the Forgotten Realms world, I wish that this book had not been written. The author was clearly trying to evoke emotional responses of fear and potential loss (the deaths of the chosen) in inappropriate ways. With or without the power of Mystra, none of the chosen would have lived that long or risen to those levels of power by throwing themselves carelessly into such danger. Mages of such tremendous power and resources would not have come so close to death in that manner. While I have enjoyed many of Ed Greenwood's contributions to the Forgotten Realms universe, this one I consider a dismal failure. 1 von 1 Kunden fanden die folgende Rezension hilfreich. It would be five stars, but for the ending... Von Carl Reese I thought the writing was excellent, classic Greenwood. The story was engaging, the characters vivid. The seven sisters really shine in this work. I had thought from the title and earlier rumors about the book that the history of the sisters would have been explained better. Instead, the book focuses on a modern day (for the Realms) conspiracy. The ending was confusing, since the entire book focused more on how the conspiracy was going than on the sisters. In the beginning they seem to stumble upon an evil group, and by the end we learn this massive effort and all its resources are for one purpose which barely ties in! I won't ruin it, but be warned.

Kurzbeschreibung Ed Greenwood's novel featuring some of the most popular characters in the Forgotten Realms setting. This title, now in mass market edition for the first time, features the Seven Sisters, key characters in many different Forgotten Realms stories. The Seven Sisters are especially associated with Ed Greenwood, creator of the Forgotten Realms and one of its best-known authors. Kurzbeschreibung Ed Greenwood's novel featuring some of the most popular characters in the Forgotten Realms setting. This title, now in mass market edition for the first time, features the Seven Sisters, key characters in many different Forgotten Realms stories.
