One to today's best writers of romantic comedy!Von Detra FitchJulia Boudreaux does not know how to be anything BUT wild and sexy. However, her deceased father left so much debt behind that Julia had to do something! Okay, she can do without all the luxuries and has already paid off much of the debts. (Shown while Julia was a secondary character in the first two books titled "Suddenly Sexy" and "Sinfully Sexy".) Yet she still has far to go. To that end, she decides to create a new TV hit, a reality show, where she is going to turn rugged West Texas men into sensitive guys.Undercover cop Ben Prescott is shot in the thigh. Not wanting to keep his brother, Sterling, and his new wife from taking their honeymoon trip, Ben promises to remain in Julia's huge house as he recovers. Julia wants HIM to be her first make-

over candidate. Of course he refuses. No one, including Julia, knows he is a cop and the last thing an undercover cop needs is to be plastered all over the TV or in newspapers ... especially while (once he is physically able) he is searching for his partner's killer.***** I cannot express how disappointed I am that this trilogy is closing. This book, in my opinion, is the best of the three. It had me on the edge of my seat in some areas, diving into totally HOT scenes in others, and laughing aloud in still others! However, I console myself by repeating over and over "She will write another book. She will write another book. She will write another book." Author Linda Francis Lee creates realistic characters, each with their own set of personalities, and does it all in such a way that I come to actually care for the characters. When a book leaves you wishing for more, it is time to put that author's name on your "favorites" list. And Linda Francis Lee is definitely on mine! This entire trilogy is much like the author herself, OUTSTANDING! *****Reviewed by Detra Fitch of Huntress Reviews.2 von 2 Kunden fanden die folgende Rezension hilfreich. Final changesVon Skatersally"Simply sexy" is the third and final novel of the trilogy. Finally it is the turn of Julia Boudreaux. Prescott's brother Ben has been shut by a drug dealer and has to stay at Julia's house. Nobody knew about his working as a undercover cop. While she cared for him, Julia discovered some strange behaviours of Ben. She almost thought Ben is a drug dealer. But there is much more to do. The TV-station is already sold and Julia created a new show. "How to turn the bad guy into a good pie" showed some really primate guys trials to get a date with a smart woman. Furthermore she tried to change her appearance from businesslike to more boring.In my opinion this part is the most exciting one of the three. It is a round story and most of the characters are acquainted from the former parts. Linda Francis Lee describes the persons and surroundings in a dynamic way as usual. It is a nice idea to dedicate a whole book each of the three friends. But it is also a good idea to read them in the right order.0 von 0 Kunden fanden die folgende Rezension hilfreich.
