Von Anne Mather : Sinful Pleasures before purchasing it in order to gage whether or not it would be worth my time, and all praised Sinful Pleasures:

very much. I had hoped I would be reading some more of the same good thing unfortunately I was disappointed. Nither Megan nor Remy gave me a plausible reason why they should have fallen in love with each other. Okay so she's older than he is, but just because he's good-looking she falls for him? What other attraction is there between them? No connection of souls! No inner values! And her step-sister with a touch of murderous madness? And a touch of racism. If you really want to read the real thing, full of love, understanding and sentiment stick with Snowfire.

Kurzbeschreibung Falling for a younger man Megan Cross hasn't been back to the Caribbean island of San Felipe since her parents' ugly divorce and her mother's second marriage. Now her mother's husband is desperately ill and wants Megan's forgiveness for separating mother and daughter. So Megan has returned, to find that much has altered in the intervening sixteen years, not least of all her stepsister's son, Remy. When they last met he was a nine-year-old to her superior fifteen with a mystery surrounding his parentage. Now he is an incredibly attractive grown man whose teasing makes her shamefully aware of human intimacy she knows she should do nothing to
