Von Wendy Wax : Single in Suburbia before purchasing it in order to gage whether or not it would be worth my time, and all praised Single in Suburbia:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Relax with Wendy WaxVon HappyFaceMy first Wendy Wax book and I was hooked from the first page on. Meet Amanda -

who's been left by her husband with two teenage children and a house to take care of and no money for a teeny-bopper girlfriend, Candace - who's been married one too many times and whose life at the age of 42 is still ruled by her dominant mother "Hurricane Hanna" - and Brooke - who's exchanged her poor mobile home for a life of luxury and left her mother and her past behind her and at the age of 29 is already considering plastic surgery. All three meet at the Little League games, their spouses are involved with: Amanda's son Wyatt, Candace's boyfriend Dan and Brooke's step son Tyler. When Amanda decides she has to quickly start working in order to save her children and her home before she drowns in unpaid mortgages and bills, she starts up "Maid for You", a cleaning agency, because cleaning is what she really knows to do best. Embarrassment forces her into changing into her alter ego Solange, "zee French maid". Soon her friends Candace and Brooke join her in silly costumes and with make-up as Simone and Chanel, her French cousins, who help her, since her work load is more than Amanda can handle alone. When one of the ladies whose house the terrible threesome cleans decides to pretend the ladies have stolen from her, an avalanche is triggered - the ladies are all over the press and have to deal with their pasts and their future... Will Amanda find Mr. Right and still be able to pay her bills? Will Candace be able to cope with Hurricane Hanna and find love after all? Will Brooke learn to deal with her past and find the love and acceptance from her husband and step-son she's so strongly been looking for? Couldn't put the book down once I had started. It's an enjoyable, easy read, something for a grey weekend, the beach or whenever you want to take your mind off things. ENJOY and relax with Wendy Wax!

Kurzbeschreibung Amanda's husband has just traded her in for an affair with a teenybopper. Brooke is a trophy wife collecting dust. And Candace (Dont call me Candy) has had too many husbands and too little love. What do these three unlikely accomplices have in common besides a Little League team called the Mudhens? A plot to reclaim a little r-e-s-p-e-c-t. And they're going to do it with a mop and a bucket. Maid for You starts as a way for Amanda to make enough money to keep the roof over her kids heads after her husband splits for his midlife crisis. But when Candace and Brooke join her, it becomes much more. Donning disguises, they enter the homes of those who once spurned them and discover more than just clutter in the closets of their neighbors otherwise tidy lives. But when Amanda takes on the job of cleaning the home of the town's most eligible hunk, someone decides to do her dirty. Now Amanda, Brooke, and Candace are on a mission to prove that being single in suburbia isn't a crime even if it does lead to some irresistible temptations. From the Paperback edition. From Booklist Amanda's husband has run off with a young thing named Tiffany, and everyone in this tony Atlanta suburb knows about it. Former friends avoid eye contact, thus rendering her son's baseball games excruciating, especially since Amanda, along with two other women considered pariahs, is relegated to helping out at the concession stands. Amanda finds a new kind of friendship with these two women, especially when she discovers that her husband has left her virtually penniless. What can a woman whose only skills are cooking, cleaning, and carpooling do to support her family? The three brainstorm and come up with the idea of a housecleaning service. Since her clientele are her snooty neighbors, Amanda dons a disguise, and, curiously, her alter ego has the confidence she lacks. Truly a treat to devour in one sitting, Wax's story of a woman's transformation from dependence to dominance is a hugely entertaining study in self-empowerment.
