Amazing! Von Frulein Sophie I liked this series from the beginning, but this one just blew my mind. There are tons of books about bad boys falling in love, but this one is different. It was hot, but also lovely to follow the story of Marc, Nathalia and Lincoln. They are wonderful characters and I already started missing them when I finished the book. But: If you aren't comfortable with sexual scenarios such as M/F, M/M and M/M/F - don't read this one.

Kurzbeschreibung Marc Edwards is a male escort in Sin City. He's used to being into whatever his clients are into, and doing everything they fantasize about. He's also used to keeping parts of himself from the people closest to him, and denying himself what he truly wants. He gains a client who's unlike any other client he's had. Nathalia LaBelle actually tries to get to know non-escort Marc. She wants to find out what it is he fantasizes about, and isn't bothered by the nature of his job. Has Marc found someone to open up to? Will Nathalia be able to handle what he desires? What he craves? Lines begin to blur, and Marc struggles knowing a relationship with a client is something that can't happen. But what happens when Lincoln Cash, a man who has his own special relationship with Nathalia, comes into the picture with his own desires, rules, and sinful requests? Will they be able to get on the same page, or will mistrust run rampant and ruin everybody's chances at getting what they want? **Author's Note:** This novel contains M/M, M/F/M, M/F, M/M/F scenes. If any of those kinds of sex scenes bother you, I wouldn't suggest reading this one. This novel also contains explicit language, and some mild sadomasochism. Nothing too extreme, just kinky. Meant for readers over 18. **Author's Note Pt. 2** While this is book three in The Escort Series, it can be read as a standalone. There is no need to read Living in Sin and Unforgivable Sin first, as this one starts in the time that Living in Sin did, and then follows through the series without giving much away about the first two. You may get some information regarding the other stories, but not much. Marc was scarce in those books, and we now get to see what he was up to.
