Sins Of The Father (The Skye Morrison Vampire Series, Book #2)Von Lily M."Sins Of The Father" by J.L. McCoy is the second book in the "Skye Morrison Vampire Series" and it picks right up where the first book "Blood Of The Son" left off, with Archer Rhys admitting shocking news...that a deadly force is going around killing vampires which it leads Archer demanding Skye to stay with him and his crew at his luxurious lakeside mansion until the army "The Faithful" gonna find the murderer.Like book 1, I enjoyed and liked very much this book. It's action packed, full of twists and turns. We're also introduced to more characters and let's don't forget the love triangle between Skye, Archer and Jameson. Even she gets extremely close to one of them, it's not like she can't completely forget the other one...Looking forward for the next book in this Series, I recommend this!!
