Von Debbie Herbert : Siren's Call (Dark Seas) before purchasing it in order to gage whether or not it would be worth my time, and all praised Siren's Call (Dark Seas):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I was captivatedVon Alana WoodsA Harlequin Nocturne novel.She was irresistible to every manbut one. Great start, yes? Does it continue to be as good? Yes, it does.A fantasy love story that hooked me to the extent I finished it in two

sittings. And I don't view myself as a fantasy fan, so this one must have been good. Set in the small southern town of Bayou La Siryna, this is the story of Lily Borsage, a woman used to having men fall at her feet and women envying and resenting her because of it. It's also the story of Nash Bowman, the Choctaw Native American who has returned to the stifling confines of the small town to visit his grandfather after a 20-year absence. Lily and Nash were friends as children, which doesn't necessarily mean they're going to be friends as adults. The storytelling weaves the fantasy and their two stories beautifully. I was captivated by the descriptions that evoked images, sounds and the feel of sea against my skin, the earth under the soles of my feet and the smells and sounds of the forest to my nostrils and ears. As I say, I was captivated.

Kurzbeschreibung She was irresistible to every man except one. Lily Borsage is the ultimate siren: gorgeous, aloof and irresistible to all the men in Bayou La Siryna. All of them, that is, until Nashoba Bowman comes back to town. The Native American kid whose innocent first kiss Lily remembers fondly is now all grown-up, hot as an Alabama summer and immune to Lily's charms. What self-respecting mermaid could resist finding out more? But Nash has a dark history that puts any woman he loves in grave danger, and a heritage of power he isn't ready to accept. And Lily has a secret that no mortal man can ever know. When a mysterious enemy starts menacing Lily, they will both have to risk everything and embrace their deepest destinies if they want to survive.
