Von Mario Puzo : Six Graves to Munich (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Six Graves to Munich (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Damaged US war vet and German call girl exorcise their traumasVon Alfred J. KwakThis is MP's fourth published book, under pseudonym, and like the three preceding books written under his own name, it was a critically acclaimed,

but not a financial success. Legend has it that MP (1920-99) wrote his first handful of books at a kitchen table in a small apartment amidst the noise of his large family. He became world famous in 1969 when "The Godfather" was published. With director Francis Ford Coppola, he produced the scripts for three truly great films. This book is something else and deals with WW II hero Michael Rogan, a brilliant cryptographer and spy, is caught in France in 1944 and taken to Munich in 1945. Where he and his pregnant French wife underwent lengthy torture sessions to extract the allied forces' encoding protocols. Seven torturers were present throughout his ordeal. Shortly before the fall of Munich, Michael is shot in the back of the head and left for dead in a pile of corpses. But he survives miraculously. He needs years before he is able to plan revenge. Thanks to his perfect memory and new wealth as co-owner of a computer company, he becomes an avenger. But to find all seven torturers after so many years is a tall order...Quite a nice thriller, despite some style and credibility issues.

KurzbeschreibungIn the final days of the Second World War, Michael Rogan, an American intelligence officer, is tortured by a group of seven senior Gestapo officers who need to discover the secrets he alone can give them. Ten years later, when he has recovered from the appalling injuries he suffered, and determined to revenge the death of his wife at the hands of the same men, he begins a quest to track down and kill each one of his tormentors. Dark, violent, and graphic, this is an addictive thriller about how far one man will go to exact his own justice. Written a year before Puzo completed *The Godfather*, published under a pseudonym and only very recently brought to light, *Six Graves to Munich* bears all the hallmarks of a master storyteller. *Pressestimmen*'Mario Puzo is a master storyteller'. USA Today. * USA Today ***Kurzbeschreibung**In the final days of the Second World War, Michael Rogan, an American intelligence officer, is tortured by a group of seven senior Gestapo officers who need to discover the secrets he alone can give them.
