**Von Stephanie Witter : Six Years (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Six Years (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. loved the storyVon Karliiii really great story with great characters. I always like when there are stories of their past and their

present and you get to know the characters and how they become the certain person they are now.

Kurzbeschreibung\*\*\*2nd EDITION (June 25, 2016)\*\*\*They hadnt seen each other in six years. Shed always had a crush on him. He'd only ever seen her like a little sister. And now...hes back.BrooklynI thought that he was a part of a distant past. I thought I didnt feel anything for him now, but I was not so sure anymore. Having him back in my life, for however long it was, was making me see things differently. So many things had changed in the last six years and somehow Id lost myself and forgotten all about my dreams. My home life was still a mess, my personal life was nothing to boast about and when I see how successful he is, how everything hed always wanted came true, I couldn't help but feel lacking in a lot of ways. But hes back and he needed me. I knew I was the only one who understood that part of his life, the only one hes willing to share it with. My heart is still beating too hard and too fast for him and this time around, I was as much an adult as he was. Having a six year age gap didn't mean shit.NolanBeing back in Riverdale was harder than I thought. Id turned my back on that life, but there had always been that one girl in my head. Little B. Now shes nothing like the twelve year old girl Id last seen. Shes a young woman, gorgeous and sexy. I couldn't stay away. Theres something drawing me to her and it goes beyond my need to reconnect with her, to have her back in my life and fill the hollow part of my chest. But I couldn't forget the little girl she had been; I shouldnt forget the little girl she used to be.Growing up with a junkie mother and nobody else, my neighbor, Brooklyn, had been my only happy place. I had taken care of her, and when I had left, I had to leave behind a huge part of me. I couldn't do it again. I needed her. Once again, shes the only person I want in my life, but I wasnt sure if it was for all the right reasons. Were there too many obstacles in the way?\*\*\*Contemporary Romance standalone novel for readers over 18.\*\*\*Kurzbeschreibung\*\*\*2nd EDITION (June 25, 2016)\*\*\*They hadnt seen each other in six years.
