Von Nora Roberts : Skin Deep: The O'Hurley (The O'Hurleys) before purchasing it in order to gage whether or not it would be worth my time, and all praised Skin Deep: The O'Hurley (The O'Hurleys):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Inner strength matches outer beautyVon April M. LoveNora Roberts shares with the reader a realistic glimpse into film

making and the acting profession. Acting is actually a strenuous profession, both physically and psychologically, not easy and self indulgent as most people assume stardom to be. [This is one of the "O'Hurley Series" about a theatrical family.] Chantal O'Hurley is a well-known film star who is wise, strong and beautiful. She has known her whole life what she wants to accomplish and has gone for her goals with clear and realistic expectations. She is aware of her impact on her audience and those with whom she associates, working diligently to have a reputation as a responsible and cooperative actress, and is well aware that she is only part of the movie-making team. She understands the personal vulnerability she has as a star, but has never anticipated that anyone close to her could and would consider stalking her. At the recommendation of her agent, Chantal hires Quinn Dolan, private investigator for her personal security. Quinn and Chantal try to maintain a businesslike relationship, but as time goes along, Quinn becomes aware that Chantal's beauty is more than skin deep. It comes from her innermost being (which is the source she draws upon for her acting talent); a deep appreciation of life. Chantal, on her side, comes to know that Quinn is more than the tough guy persona seen at first glance. He is perceptive and compassionate, and draws this strength from within himself as well. Nora Roberts has done her homework here. She puts the reader right into the environment. The details of filmmaking, acting and the theatre world ring true. I found myself "right there" on the soundstage, as if I was by the camera (if not in front of it). I have found that I better not start reading one of Roberts' novels if I plan on reading myself to sleep, because I get so involved that I can't stop myself from turning the pages, reading "just one more chapter" until I'm finished, often into the very early morning! This book is just one more example of the power and intensity of her writing. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not just "Skin Deep" Von Anne Chantel O'Hurley, the "oldest" of the O'Hurley Triplets, has realized her lifelong dream of becoming a star. Now she has the Hollywood lifestyle, the huge estate, the fans -- and a stalker. Another reviewer's comparison to the movie "The Bodyguard" is right on, and this thought crossed my mind several times as I read this book. Unlike that movie, the reader never really gets any good clues as to who the obsessive fan might be. The book centers much more on the initial love/hate relationship of Chantel and her new bodyguard Quinn, and then focuses almost entirely on their romance when they fall in love. In that sense alone, "Skin Deep" was a bit of a disappointment as a "mystery" because the stalker storyline was really only there to move along the romance. But let's be honest -- many NR fans read her books for the romance, not the intrigue. It's only in her newer books that Nora has begun to write really well-crafted mysteries. Since I'm sure the O'Hurley trilogy (plus "Without a Trace", about the triplets' brother) was conceived as being essentially about the lives and loves of these three sisters, NR did her job well here and writes an entertaining, satisfying romance. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Third in the O'Hurley triplet series..... Von Ein Kunde Ms. Roberts manages to give each of the triplets in this series a different and interesting story. In Skin Deep you get the glamorous, beautiful and very talented film actress Chantel. She has everything she has worked and strived for except peace of mind. What Nora Roberts does, just about better than anyone else is give the hero and heroine enough friction and conflict to keep them interesting and fresh. Yet even when they are arguing you always have the sense of trust that exists at the core of their relationship. It's a relief to have the couple be able to disagree but know they still have a solid relationship. This comes across as well in this book as in her longer novels. Ms. Roberts is always, without exception a terrific read. Ree-views

Kurzbeschreibung The dark side of Hollywood takes center stage in the third O'Hurley romance from #1 New York Times bestselling author Nora Roberts. Film star Chantel O'Hurley has it all: wealth, fame, and adoring fans including one whose adoration has turned to obsession. When her stalker resorts to threats, Chantel turns to hardened P. I. Quinn Doran, who soon discovers that the actress's beauty is more than skin deep...
