But this is just as great. A well thought out science fiction world in which a detective tries to solve the strangest murder cases ever. With completely unexpected but still believable plot twists and lots of action. Dark, gritty and so much fun.0 von 0 Kunden fanden die folgende Rezension hilfreich. SuperVon GerhardSeit langer Zeit einer der besten Science Fiction!Packend bis zur letzten Zeile, man freut sich drauf, weiter lesen zu können.

Kurzbeschreibung Presenting in one volume all five stories in the Sci-fi Noir series by New York Times and USA Today Bestselling author Anthony Ryan, author of the acclaimed Raven's Shadow Trilogy. WELCOME TO THE SLAB. A vast orbiting slum where rats grow big, sweat falls in rain and the gene-spliced come in all shapes and sizes. Slab City Blues - There's a stranger on the Slab, a stranger with very sharp claws and a penchant for killing assassins. Finding him is the job of Inspector Alex McLeod, detective, disfigured war veteran and reluctant widower. Some days are worse than others on the Slab but today is going to be a gem.A Song for Madame Choi - An old enemy embroils Inspector Alex McLeod in the hunt for a kidnapped girl. With no leads he finds himself reluctantly seeking help from drug dealer and fellow war veteran Madame Choi. But can he really trust her? A Hymn to Gods Long Dead - Inspector Alex McLeod, recently suspended for excessive force and nurturing a growing addiction to bourbon, has been reduced to tending bar when an improbably beautiful vampire comes to him with a bizarre theory: there's a killer on the Slab, a killer with a liking for recreating ancient myth, in bloody and spectacular fashion. But who exactly is this vampire, and how does she know so much? And what kind of killer can walk through security systems without a trace, leaving deadly traps for those hunting him?The Ballad of Bad Jack - The Asteroid Belt, home to mining corporations and those who prefer to live beyond the heavily policed habitats of Earth orbit the perfect hunting ground for Bad Jack, captain of the Dead Reckoning and the most feared pirate in the solar system. About to embark upon the biggest job of his career, Jack finds himself in need of a specialist, but is unaware his latest recruit has a new face, a new name and an agenda of his own. Chief Inspector Alex McLeod has been reset to war mode, and things are about to get very ugly. The fourth story in the Slab City Blues series, The Ballad of Bad Jack is an all-action future-crime thriller from the best-selling author of the Ravens Shadow trilogy.An Aria for Ragnarok - Alex McLeod has a score to settle. Back on the Slab and newly promoted to head of Special Homicide, Alex decides its time to finally bring down Mr Mac - his longest-standing enemy and the most powerful criminal kingpin in the Confederation of Autonomous Orbiting States. But, before the hunt can begin he finds himself lumbered with the inconvenient and spectacularly bloody murder of a famous industrialist. A swift but violent resolution to the case raises more questions than it answers and Alex's inability to tolerate a mystery soon uncovers a far greater threat than he has ever faced before. Ragnarok is coming. To stop it, Alex must call on the help of both friends and foes, as well as placing himself in an alien and hostile environment: its time for a return visit to Planet Earth.Kurzbeschreibung Presenting in one volume all five stories in the Sci-fi Noir series by New York Times and USA Today Bestselling author Anthony Ryan, author of the acclaimed Raven's Shadow Trilogy.
