Stephanie Jordan#Paranormal #WolfShifter #RoyaltyPhenomenal, that's right this is an incredible book. You know when book 1 of a series has you glued to your seat, jaw dropping, the whole Series will be absolutely extraordinary. Cricket was a tiny werewolf, which when you are this little you're called a runt. And probably 99% of runts died if not before the change then during but not Cricket she was a fighter. Being a runt meant she could pass off as almost human which was partly why she worked undercover at the special ops at the LIA (Lycan Intelligent Agency). But her next assignment was quite humiliating, she was a beta for pete sakes not a babysitter. Who cares if he was Royalty. Alpha Prince Slade can't seem to stop his rages, since his pack was slaughtered he just couldn't control his white wolf. Then they drugged him, transported him put him in lock room. This infuriated him even more but everytime the tiny runt came close to him his wolf calmed. Then when he saw her, he mind said " NO!!!! I'm Royalty no way do I lower myself ". Can he stop drooling? And if they work together what then? Yeah! You have to read it to find out. Ohhh Yes, I do recommend this book it's a Must Read. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Runt, Cricket, is an honorary beta of Team Greywolf, an elite special ops branch of the Lycan Intelligence Agency. As a member, she poses as a human and collects forensic evidence. Because of her low rank, she is assigned in the rehabilitation of Prince Slade suffering from morphogenesis after his entire pack is murdered, and then his indoctrination as a member of their team. Babysit a psycho, domineering alpha? Not on her watch. To complicate matters, she lusts for Slade. Foolish. A runt can never take an alpha as a mate. Slade has two choices. Honor his murdered kin and serve Team Greywolf, or once healed, obey King Conan and return to his territory with an alpha mate. Complicating his decision is his relentless desire for the hot sexy little she-wolf, Cricket. Early into his recovery, Slade and Cricket are sent to investigate missing werewolves. An unstable werewolf seems hardly a match for a former Nazi werewolf bent on bringing on Ragnarok, the destruction of mankind. Can they stop this evil regime, while conforming to pack law that forbids any chance of them fulfilling their desire for each other?
